NINETEEN TWENTY SEVEN

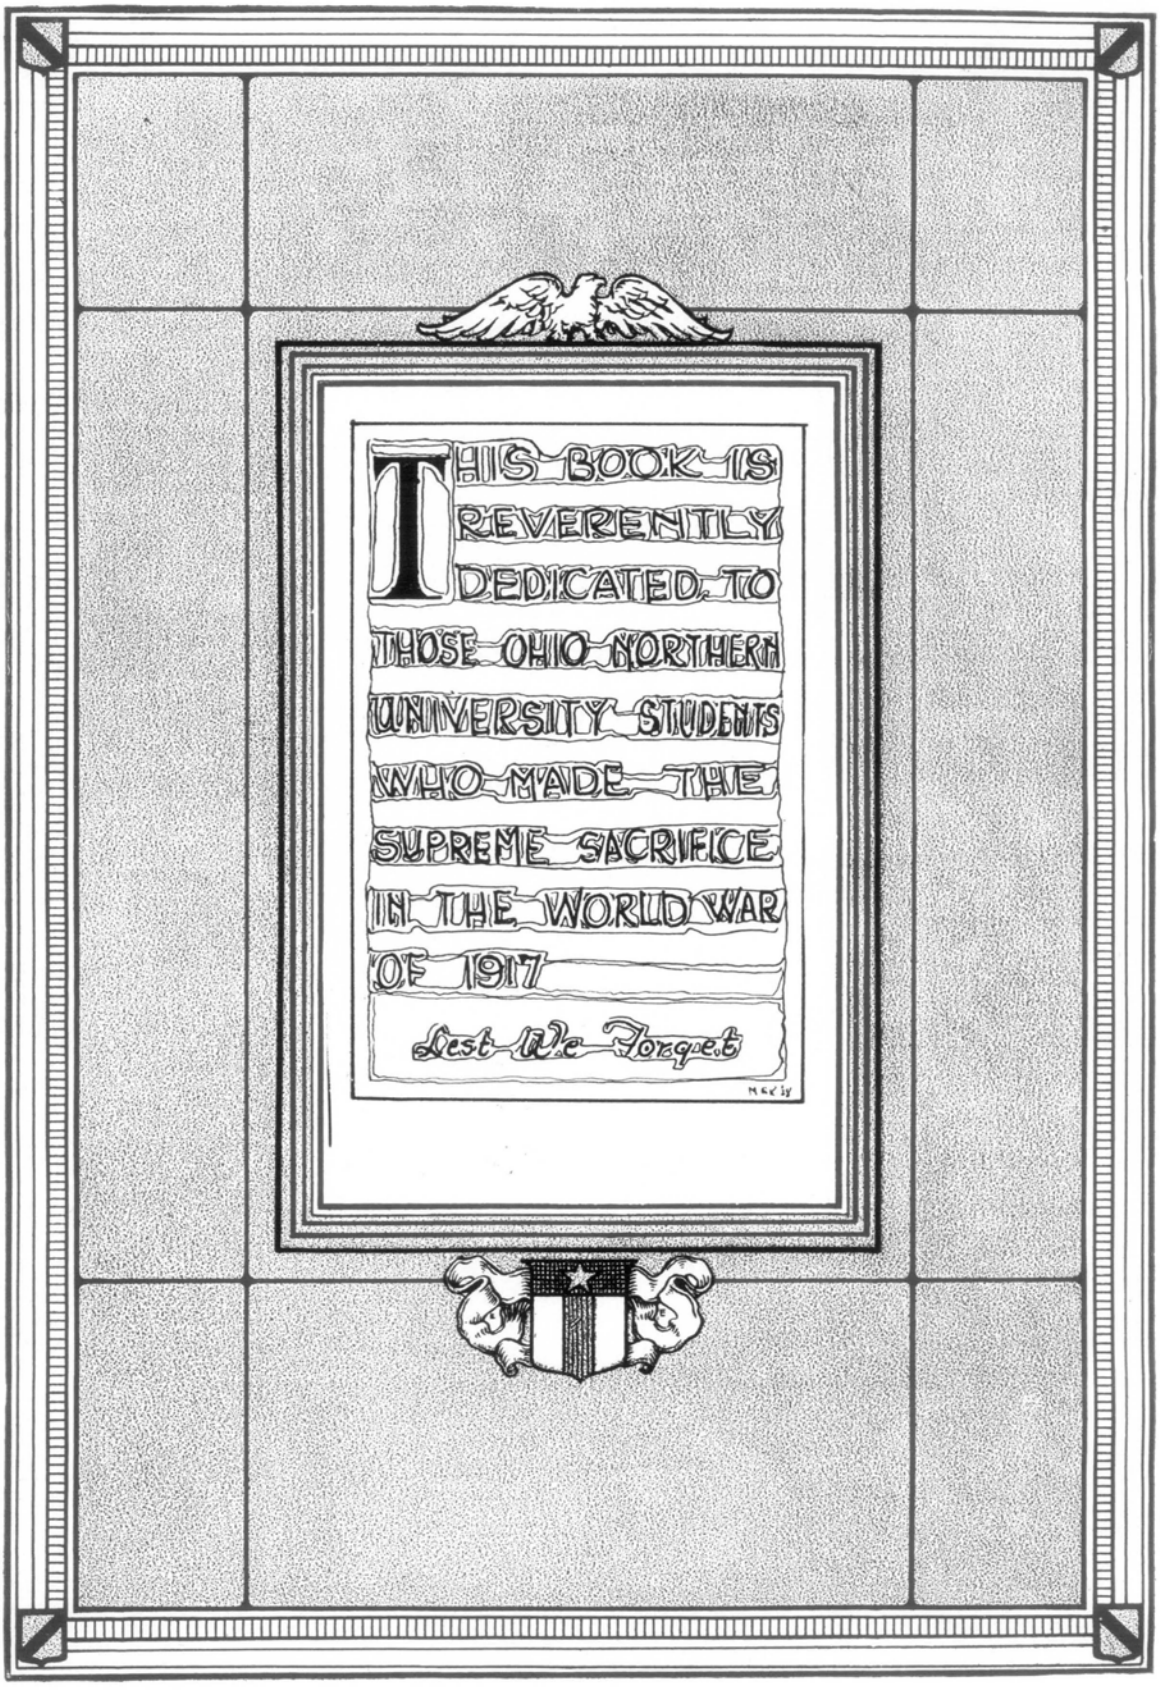

Published by

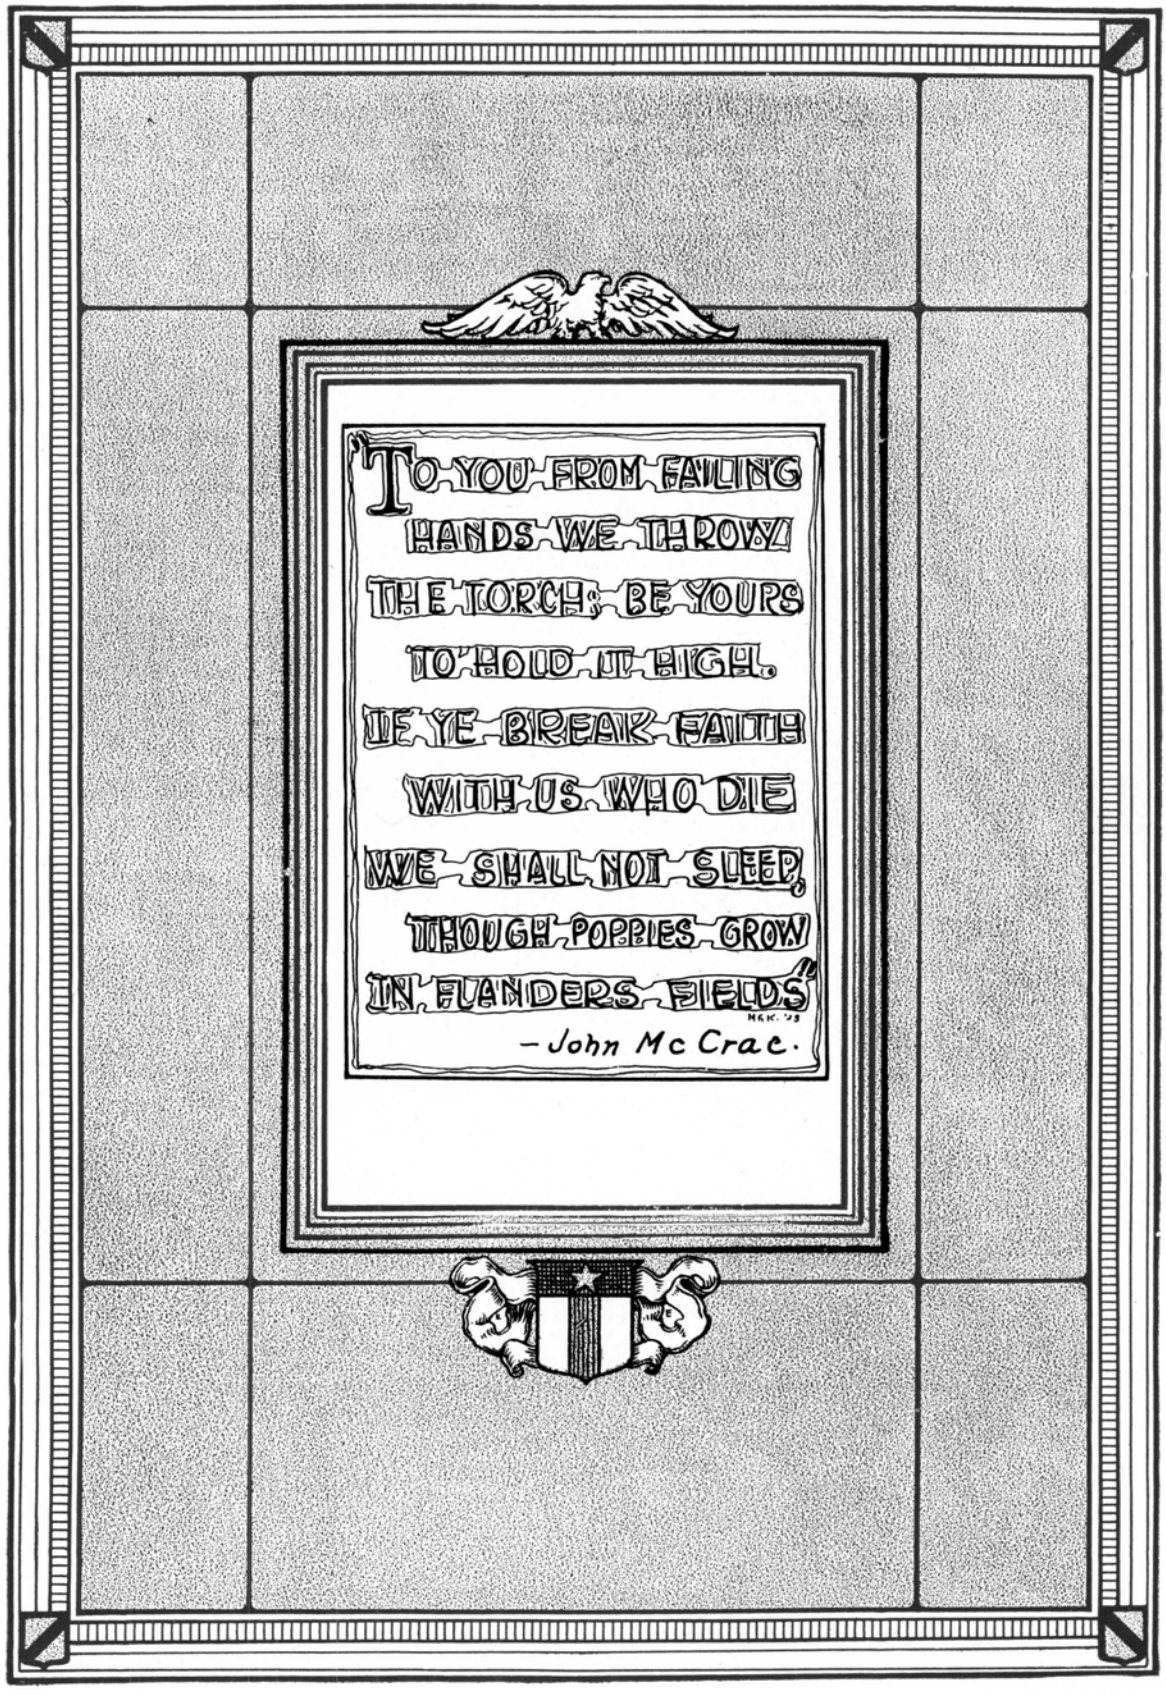

THE SENIOR CLASS

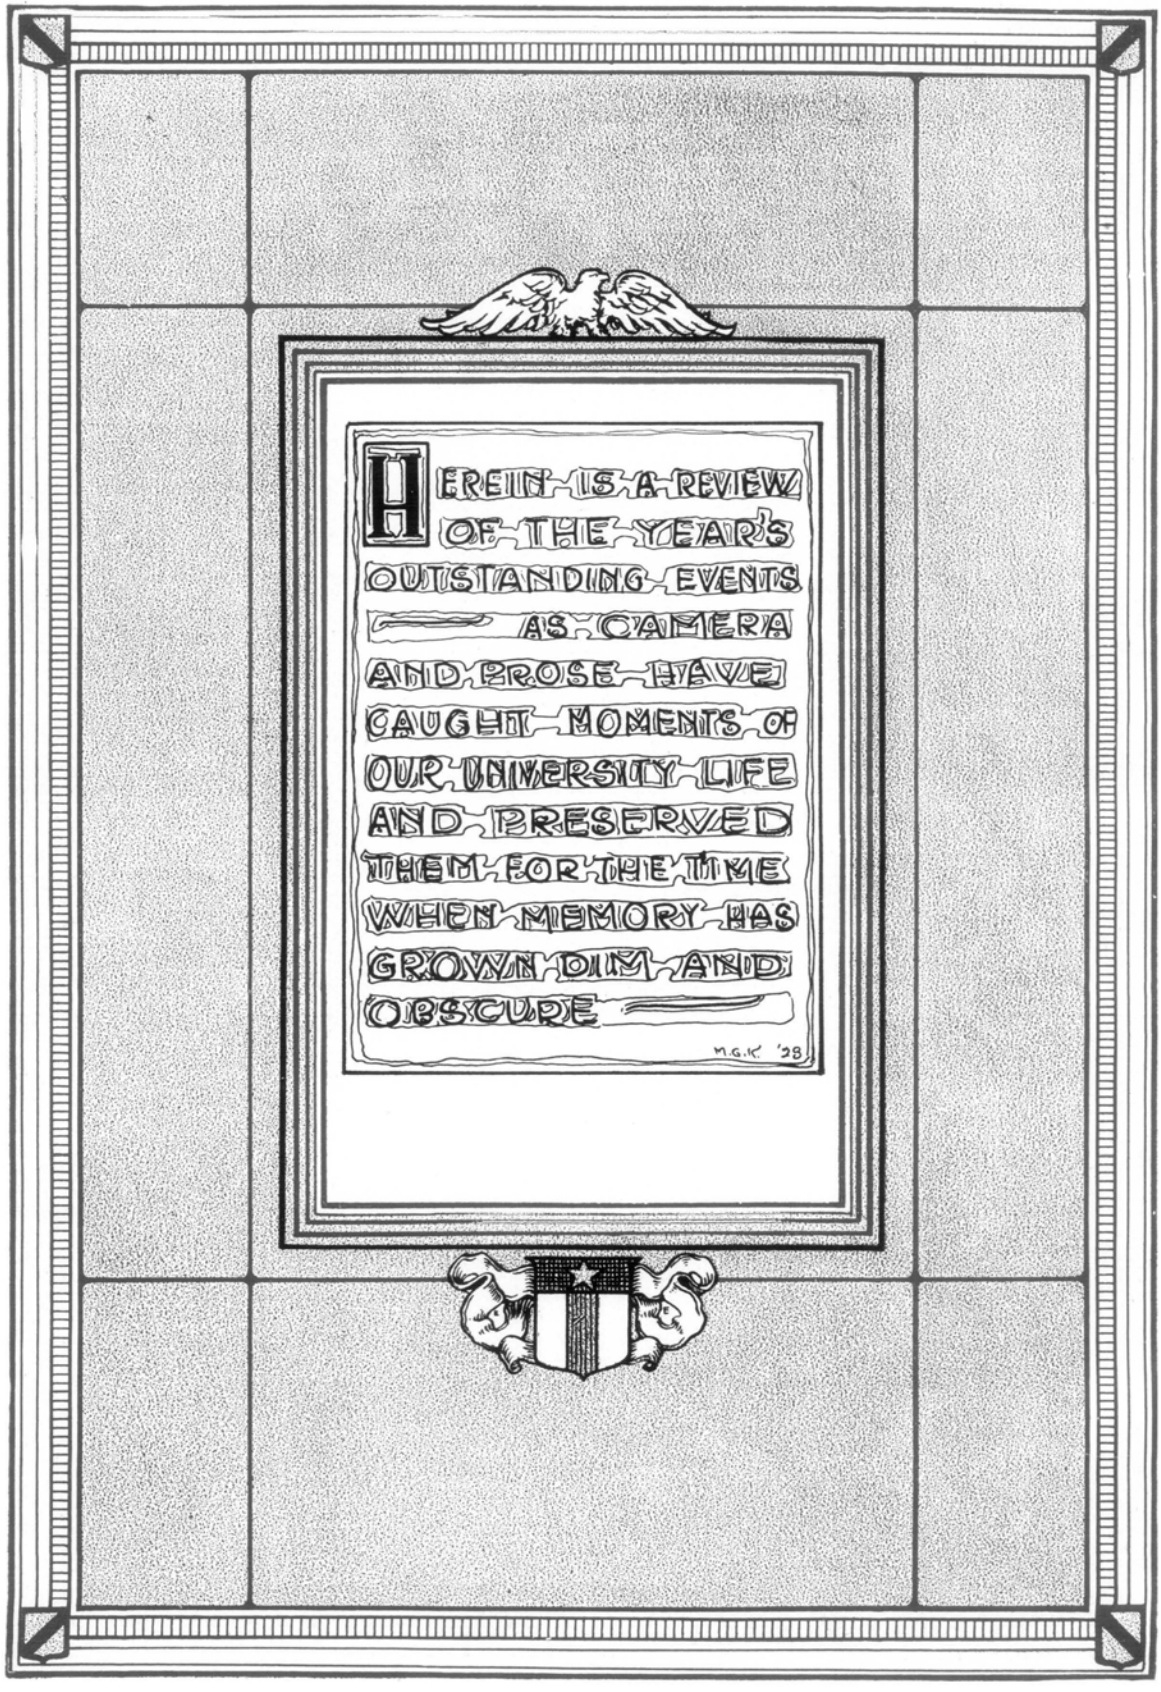

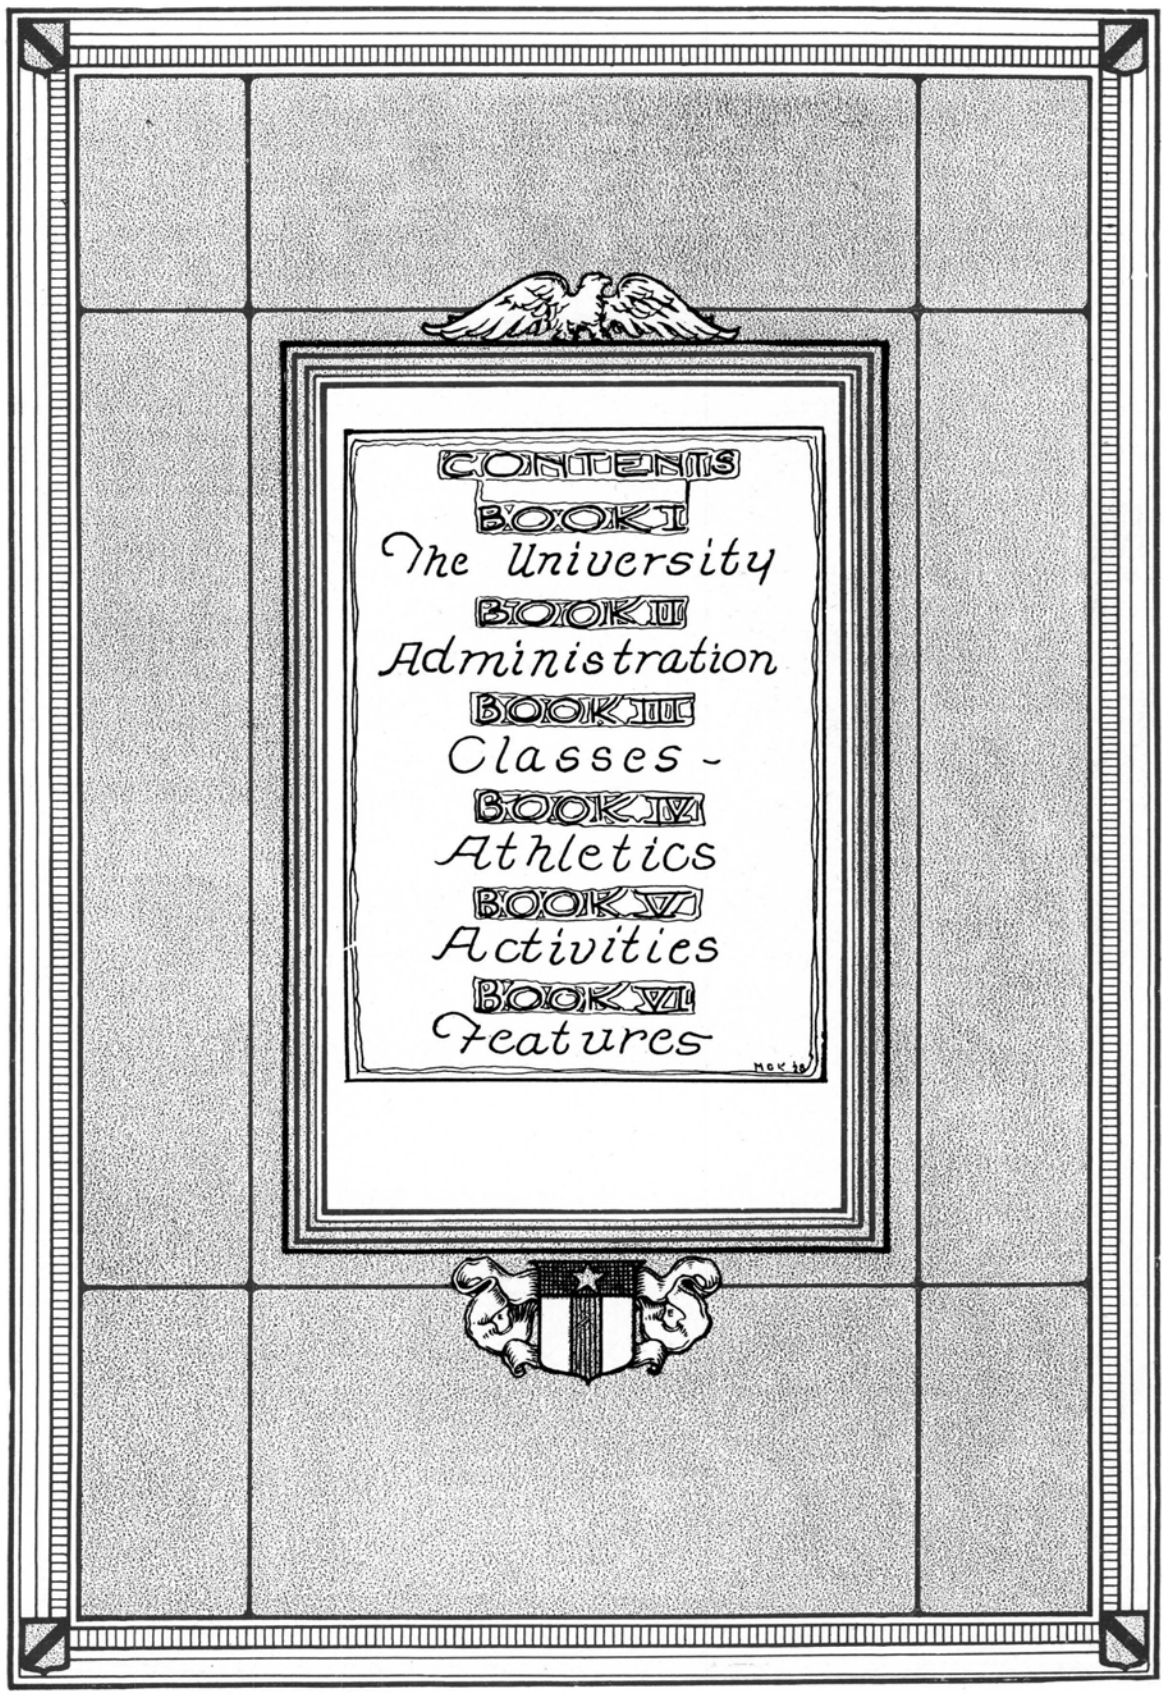

OHIO NORTHERN UNIVERSITY

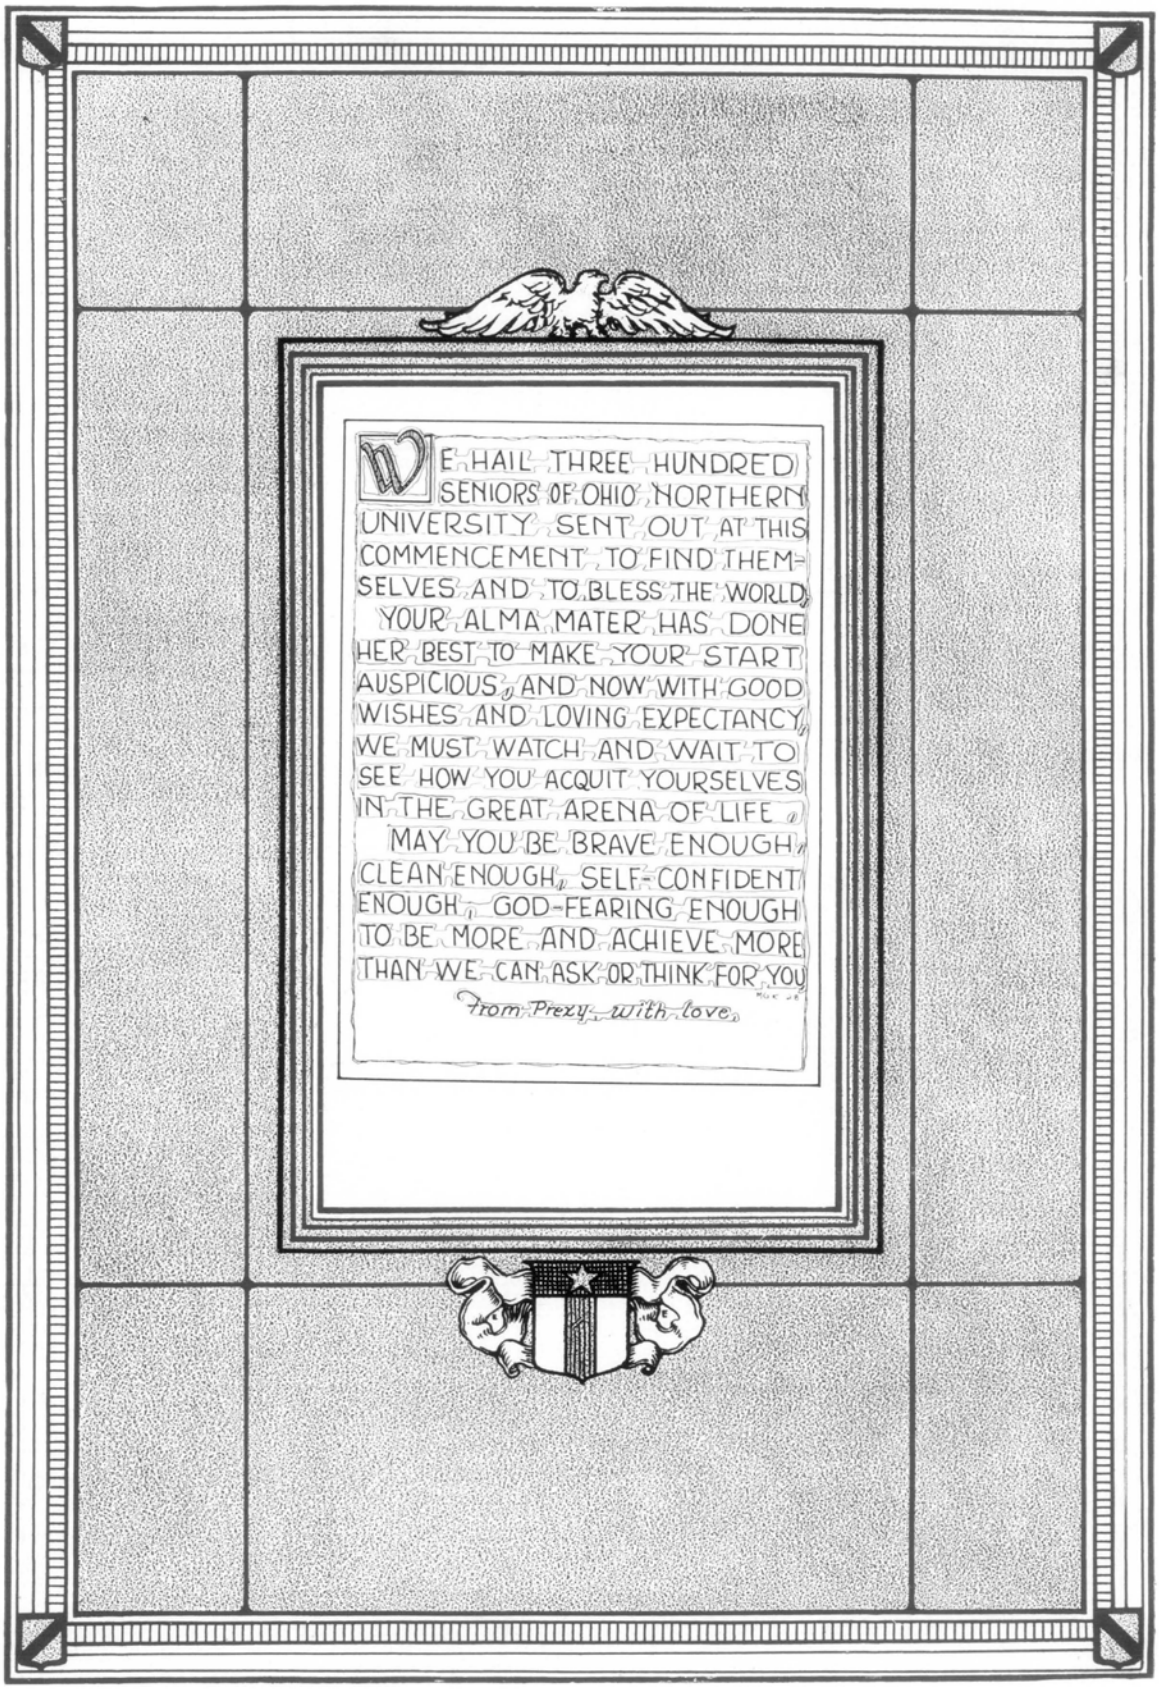

ADA, OHIO.

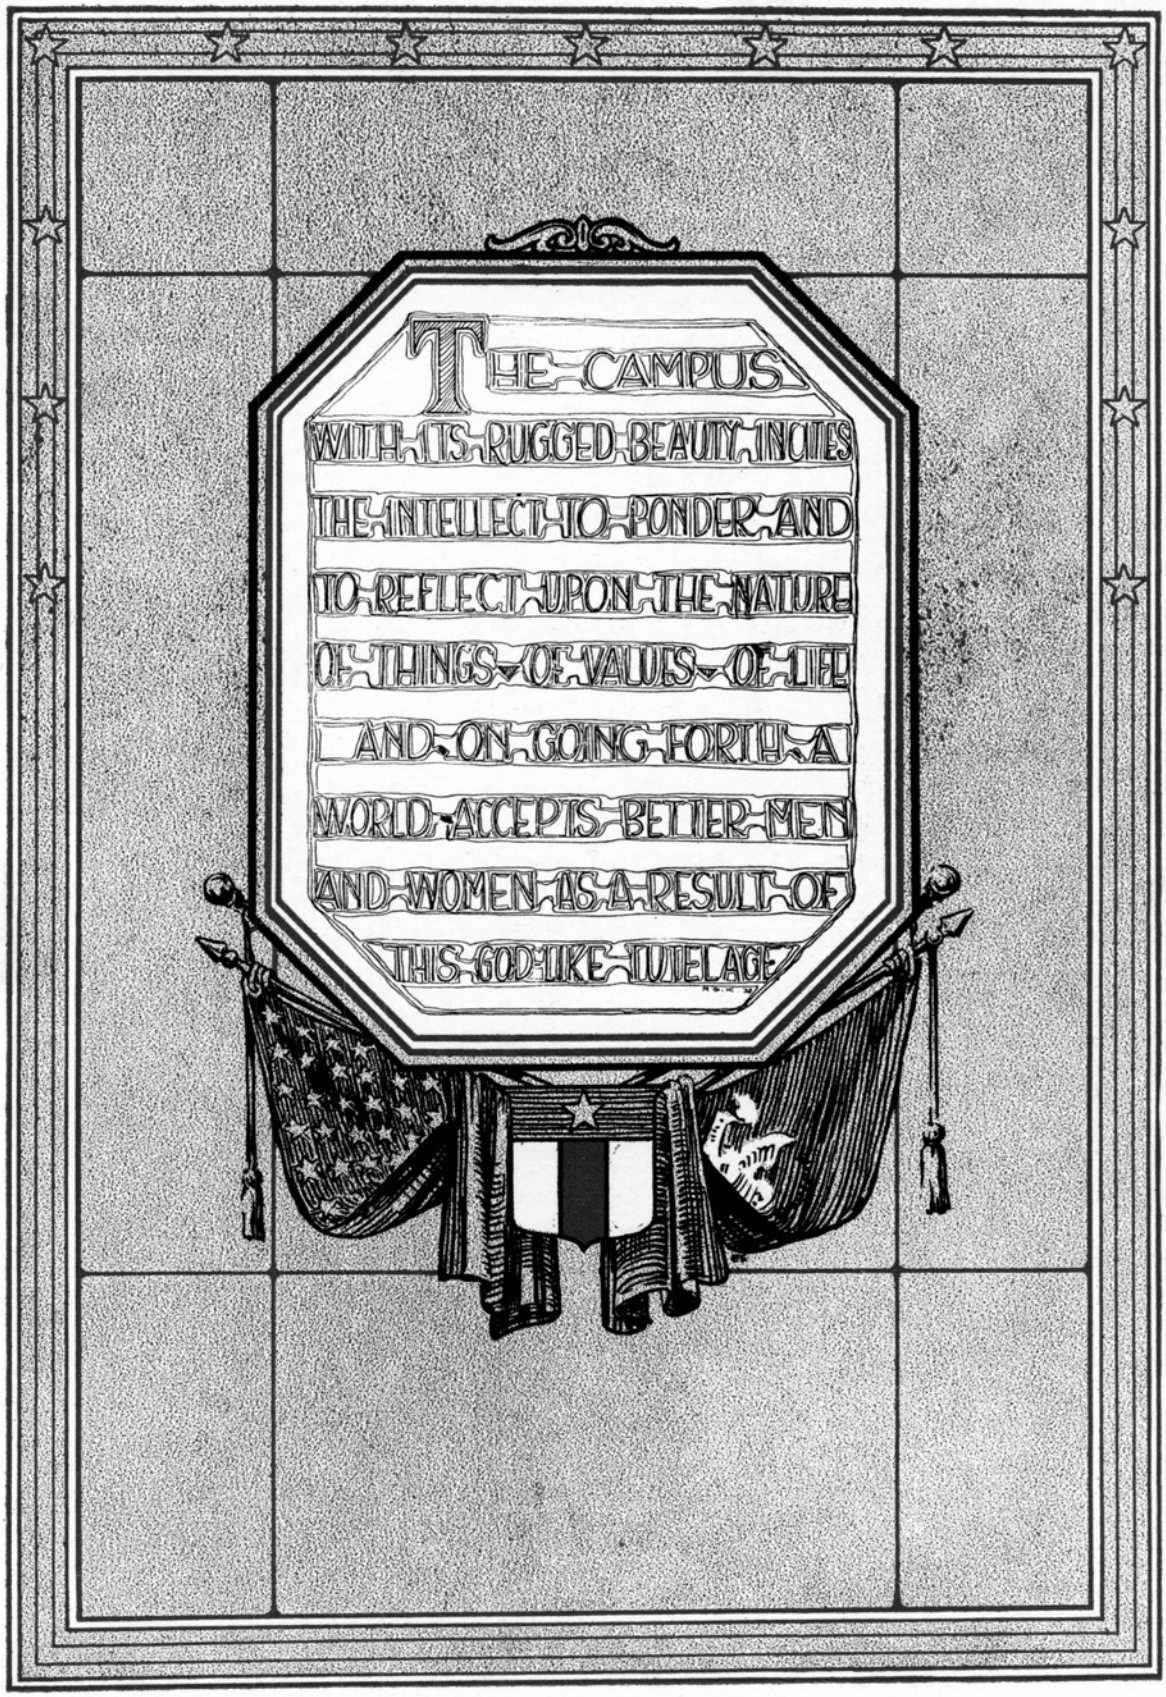

THIS BOOK IS REVERENTLY DEDICATED TO THOSE OHIO NORTHERN UNIVERSITY STUDENTS WHO MADE THE SUPREME SACRIFICE IN THE WORLD WAR OF 1917
Lest We Forget

"TO YOU FROM FAILING
HANDS WE THROW
THE TORCH; BE YOURS
TO HOLD IT HIGH.
IF YE BREAK FAITH
WITH US WHO DIE
WE SHALL NOT SLEEP,
THOUGH POPPIES GROW
IN FLANDERS FIELDS"
H.E.K. '23
– John Mc Crae.

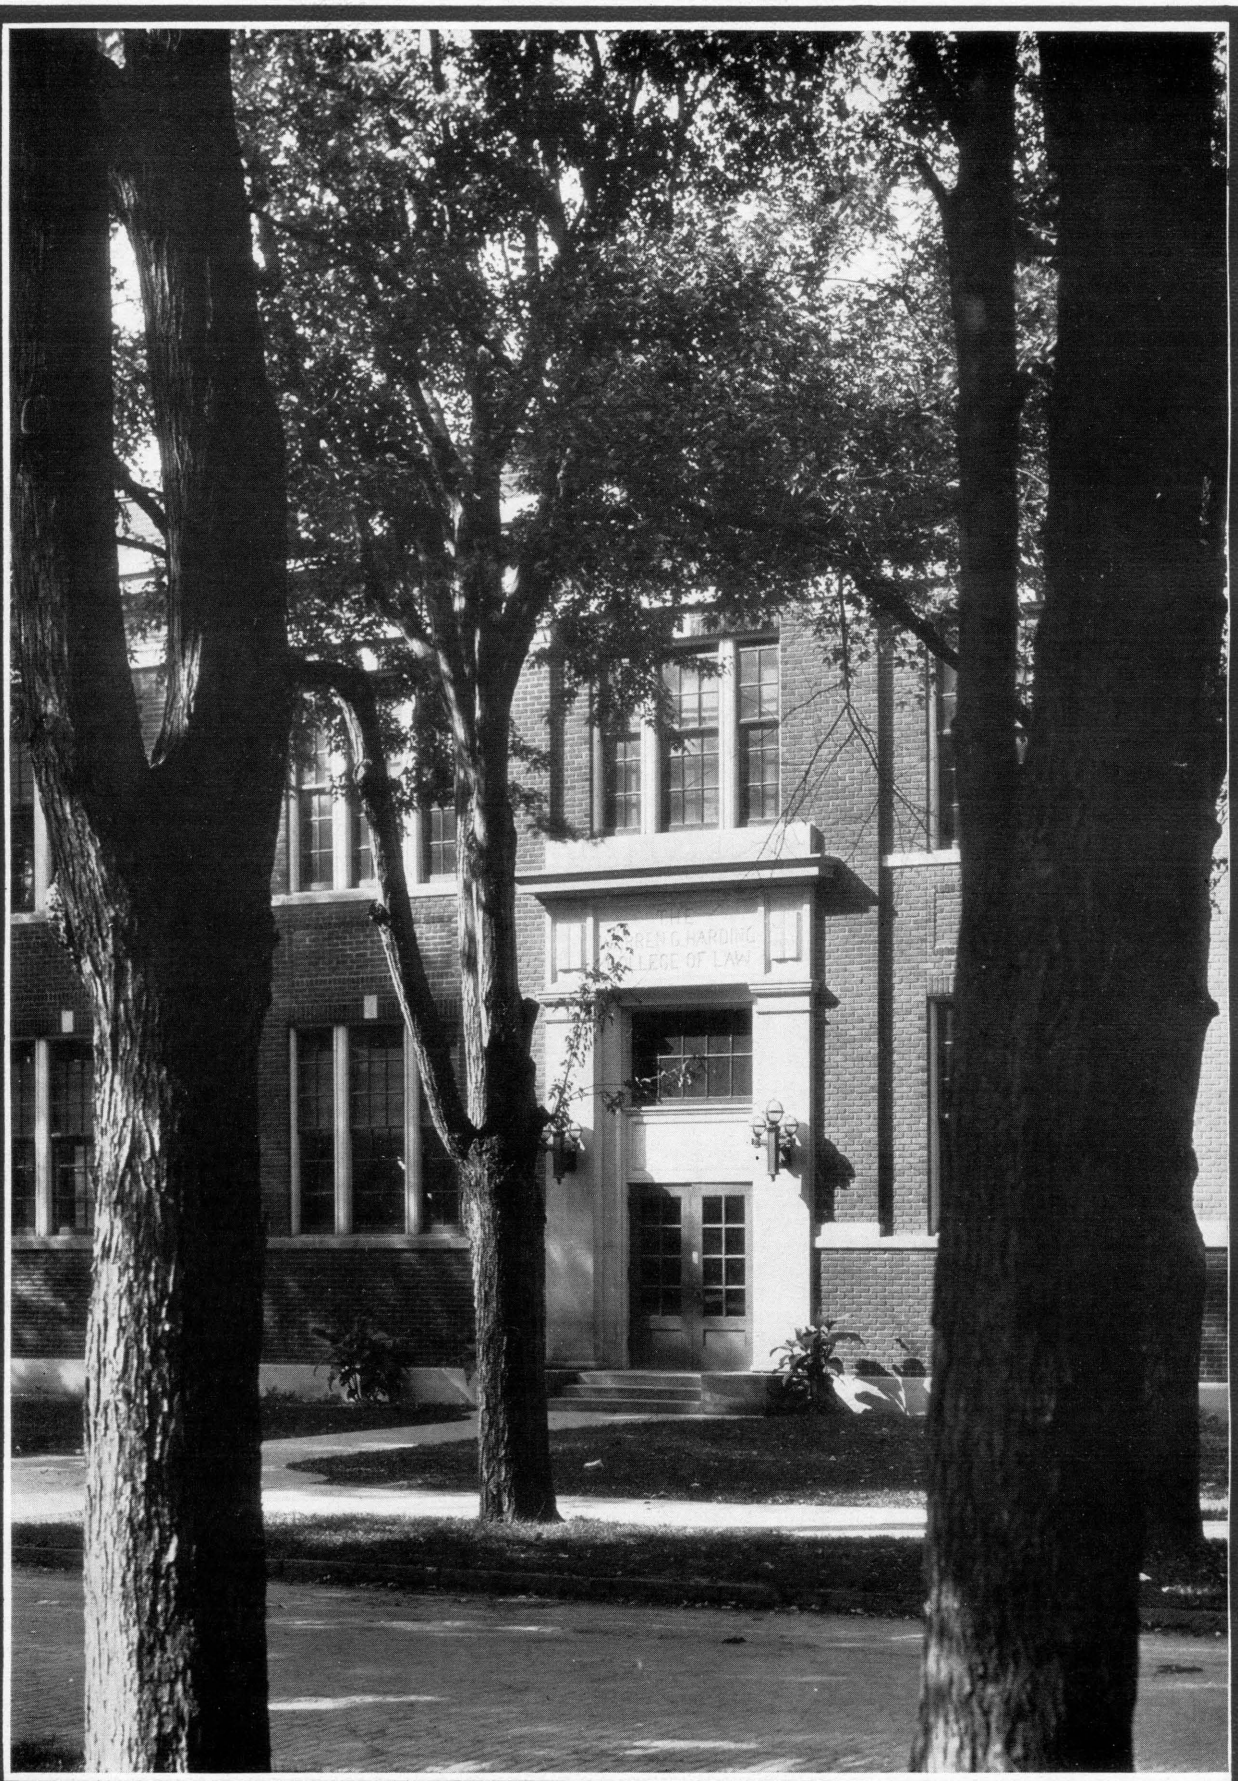

HEREIN IS A REVIEW OF THE YEAR'S OUTSTANDING EVENTS AS CAMERA AND PROSE HAVE CAUGHT MOMENTS OF OUR UNIVERSITY LIFE AND PRESERVED THEM FOR THE TIME WHEN MEMORY HAS GROWN DIM AND OBSCURE

WE HAIL THREE HUNDRED SENIORS OF OHIO NORTHERN UNIVERSITY SENT OUT AT THIS COMMENCEMENT TO FIND THEMSELVES AND TO BLESS THE WORLD.
YOUR ALMA MATER HAS DONE HER BEST TO MAKE YOUR START AUSPICIOUS. AND NOW WITH GOOD WISHES AND LOVING EXPECTANCY, WE MUST WATCH AND WAIT TO SEE HOW YOU ACQUIT YOURSELVES IN THE GREAT ARENA OF LIFE.
MAY YOU BE BRAVE ENOUGH, CLEAN ENOUGH, SELF-CONFIDENT ENOUGH, GOD-FEARING ENOUGH TO BE MORE AND ACHIEVE MORE THAN WE CAN ASK OR THINK FOR YOU.
From Prexy, with love.

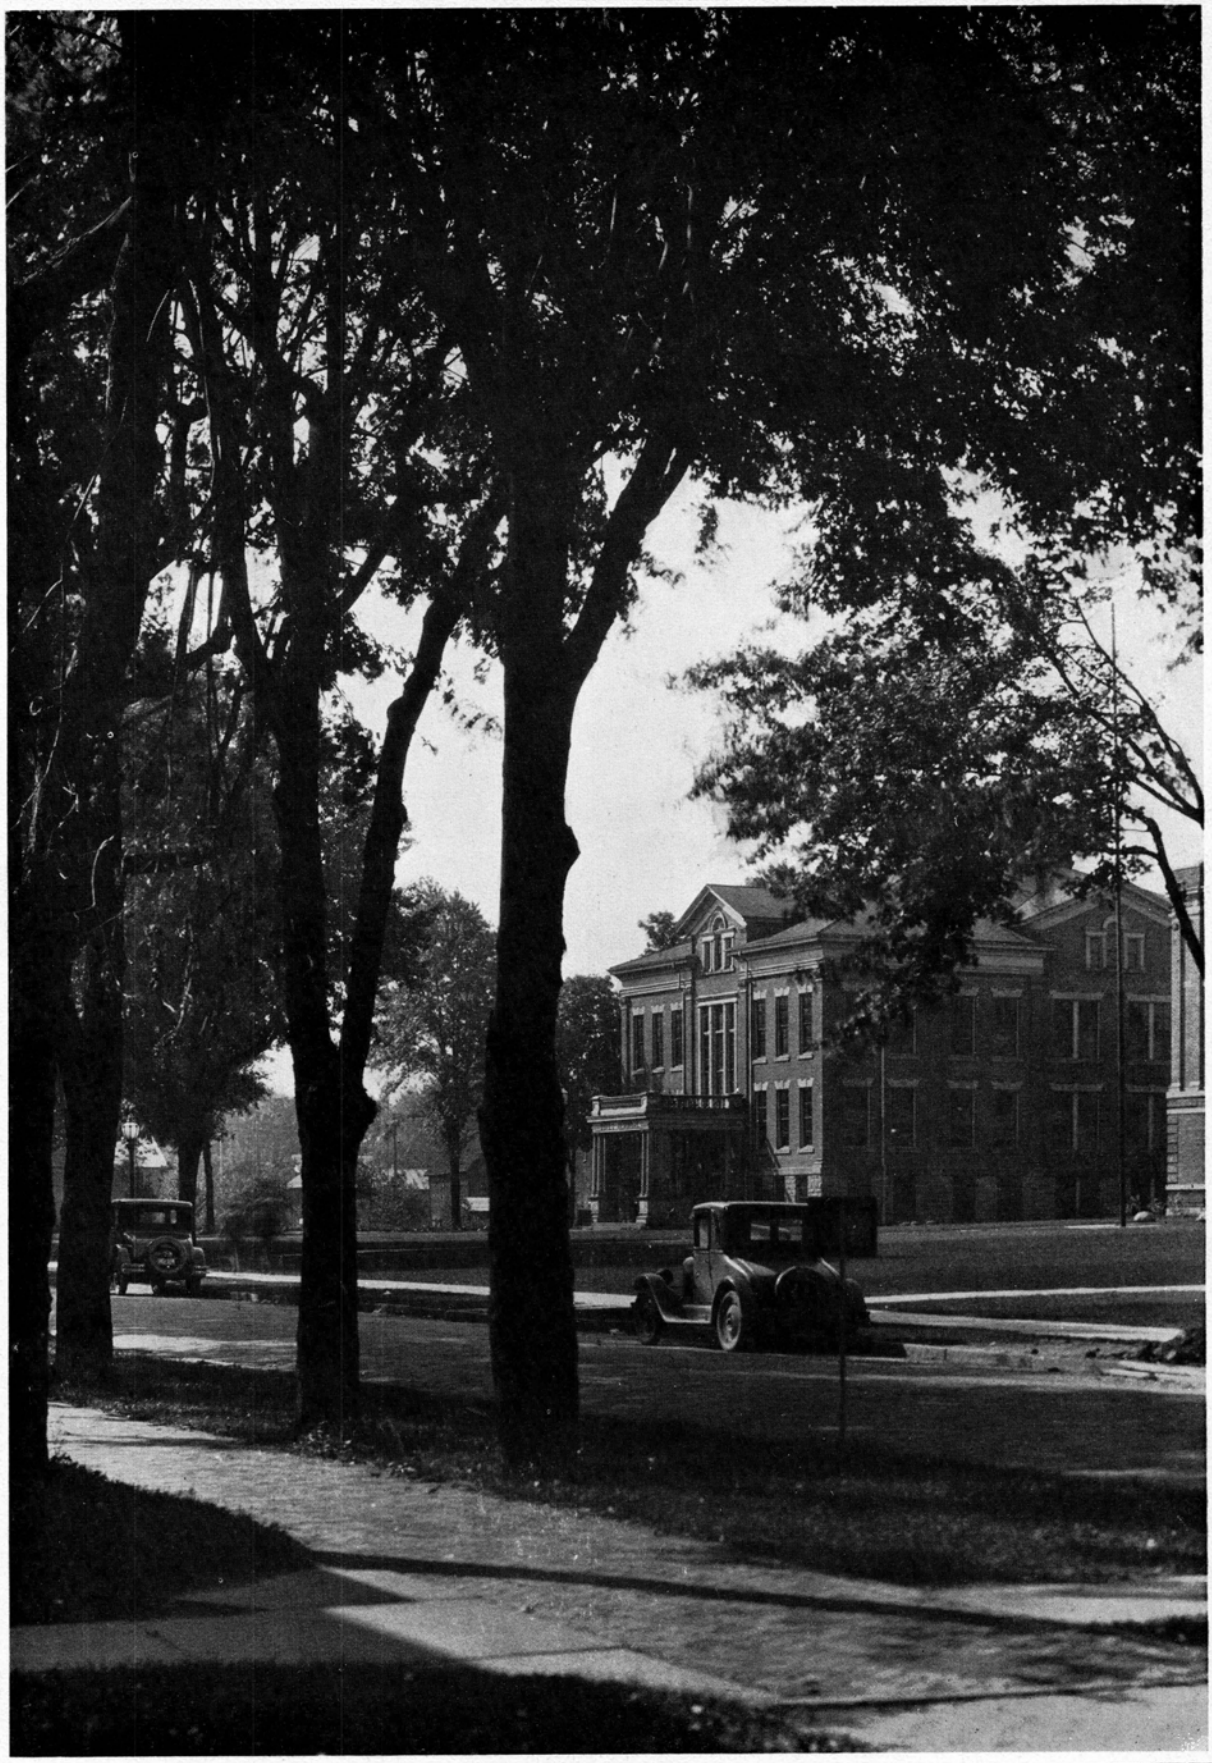

THE CAMPUS
WITH ITS RUGGED BEAUTY INCITES
THE INTELLECT TO PONDER AND
TO REFLECT UPON THE NATURE
OF THINGS OF VALUES OF LIFE
AND ON GOING FORTH A
WORLD ACCEPTS BETTER MEN
AND WOMEN AS A RESULT OF
THIS GOD LIKE TWELAGE

At a meeting held early in the Fall term, the Sophomore class was organized and officers elected. Following the election the president urged the class to strictly enforce the Freshman rules, as such enforcement was in the hands of the class. Consequently, erring Freshmen were guided back into the path of progress by several board meetings at Northern's famous summer resort, "Doc Newton's Pond." By a later arrangement this duty was taken from the Sophomores and given to an organization which came to be known as the Tooth And Claw, who systematically governed the Frosh.

Professor Whitted was elected as Class Advisor at a second meeting, and under his able direction, members of the class took charge of Sunday Vesper Services at a local church.

The Sophomore class is becoming more and more active each year on the campus, being well represented on debate and athletic teams. In the years to come, when all second year men will be known as Sophomores, this class will be recognized as the most active on the campus.

Life as a Freshman at best is hectic, what with Newton's Pond, the Tooth and Claw, Upper Classmen, et cetera. Nevertheless the class of 1930 jumped off on the right foot as the saying goes.

The celebrated event of the year was the ceremonious destruction of the hated caps in a high bonfire at University field on March 29. Cap Cremation Dav will go down in the history of Ohio Northern as a most sacred tradition. The Program consisted of a theatre party at Lehr, which was amply interspersed with songs and yells. This was followed by a snake dance around the bonfire, where in solemn succession each bit or orange and black was cast into the flames. Then in the gathering **dusk** the last rites of the life in the Freshman Drama were brought to a close. Ashes—the significant earthly remains of our former condition of servitude were gently laid to rest. By a manifesto of the Tooth and Claw we were graciously emancipated two days before the appointed time. Speeches, filled with glowing phrases, paid tribute to the new found freedom.

Amidst sounds of rejoicing, we wearily wend our way homeward, forever true **to** traditions and our Alma Mater.

DR. J. OTTO NEWTON, *Athletic Director*

NEWTON came to Northern from Heidelberg in 1921. When he came to Northern the athletic system was in bad straits both in a financial way and from the standpoint of facilities. Since his coming he has gradually given Northern practically all she now has. His policy enabled the University to become recognized in the Ohio Conference. In addition to this he has equipped Northern with an athletic field second to none in the Conference. Furthermore, he has been responsible for bringing to Northern a most talented array of coaches. Each year finds Newton adding bit by bit to the athletic department. His present policy calls for vast addition to Northern's athletic facilities, most important of which is an enormous up-to-date gymnasium.

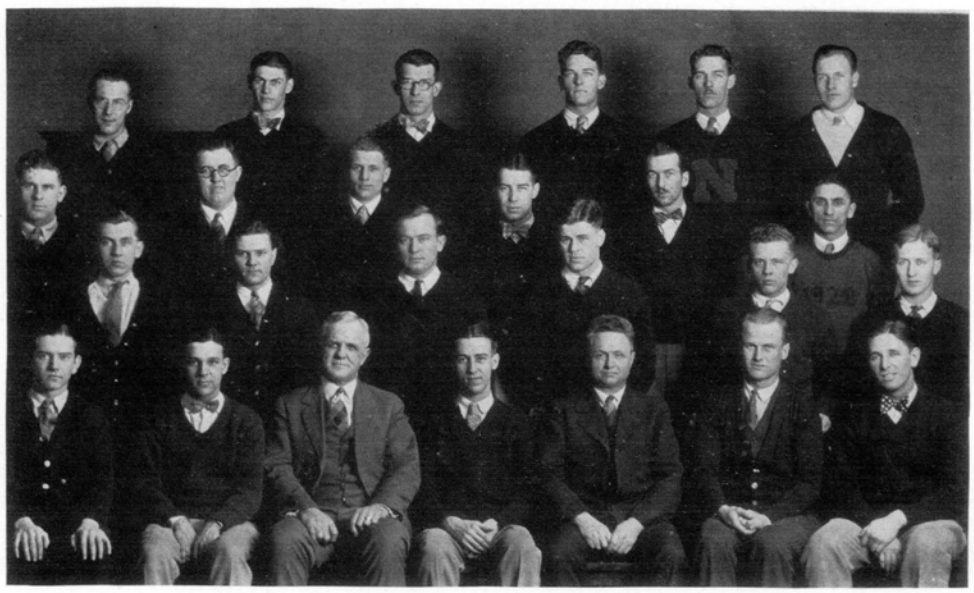

WILLIAM F. MEREDITH, *Head Coach*

IN HIS first year at Northern Meredith has had considerable success, both as a football and basketball mentor. His wide experience as a player and coach stamps him as one worthy of the position. During his undergraduate days at Dennison he won his football letter for three consecutive years, captaining the squad in his senior year. Upon graduation he accepted the position as coach at Norwalk high school where he served two years, thence returning to his Alma Mater as assistant coach for one year. While serving as assistant coach at Dennison he received an offer from Ashland College, which he accepted. For three years he turned out championship contenders at Ashland, from whence he came to Northern to take over the position left vacant by Ben Roderick's resignation. Meredith has firmly established himself with the student body at Northern and much is expected from him once he has been able to properly institute his system of coaching.

CLAUDE B. SHARER, *Track Coach*

NORTHERN is extremely fortunate in having at the helm of the varsity track team Claude B. Sharer. Sharer, like Meredith, is a graduate of Dennison. Track was almost wholly unknown at Northern when Sharer assumed the directorship of that sport. Gradually each year Northern has spurted forward until at present she ranks among the better colleges of the state in this phase of athletic competition. This has been possible mainly through the work of Sharer. In Manges, Anderson, Maloney and others Sharer has developed some of the finest track material in the Conference.

CAPTAIN ANSPACH - - Halfback

In Anspach Northern had a dependable leader. "Bud" does not belong to the sensational type of players. It was his cool steady playing that won him a place beside the immortal football heroes of his Alma Mater. As a line plunger he rates with the best in the conference. He was seldom thrown for a loss and was a good defensive back as well. "Bud" had only a fair eleven to work with, but he did heroic deeds in making the best out of a bad situation.

MASON - - *Guard*

Mason is the cool, calculating young man who holds forth at guard on Coach Meredith's eleven. His analytical judgment in diagnosing the enemy's plays is exceptionally keen and worthy of highest praise. When spirits are dropping and feet drag the impetuous eagerness of Mason spurs on the heavy hearts of his teammates.

SHELLY - - *End*

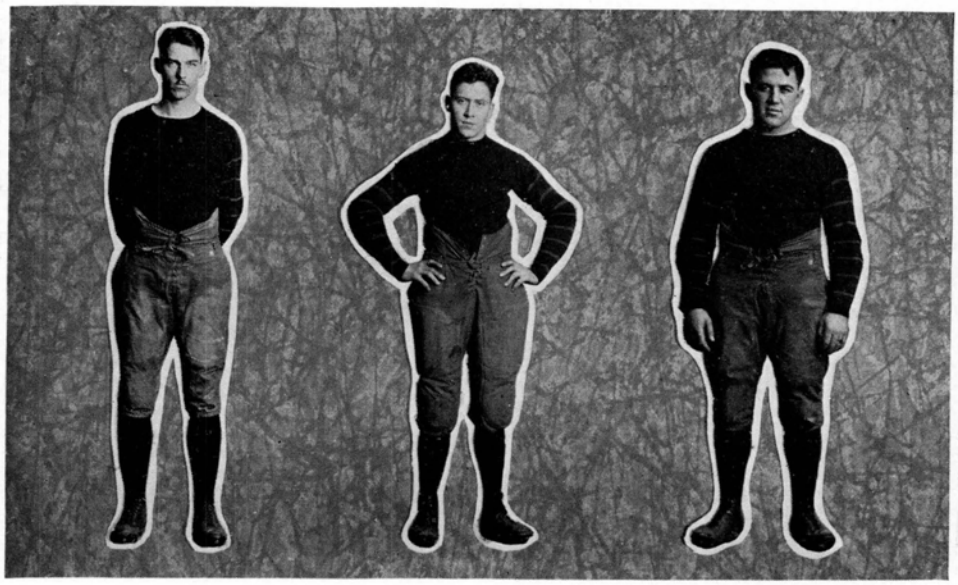

Shelly does not confine his athletics to football. He merely changes uniforms, steps on the basketball court and plays as well there as on the barred turf. **A** giant in stature, being considerably more than six feet in height, and weighing close to 190 pounds in fighting trim, he was additionally endowed with rare skill and courage, and his work was always an outstanding feature of the games in which he took part.

A. SMITH - - *Halfback*

As a ball-carrier **"AI"** was right there. His line plunging and running the ball from scrimmage made him a valuable asset to Coach Meredith. On the defense he was an accurate and hard tackler. He is the active type, full of football instinct and untiring as well as unbreakable.

DENNISON GAME — OCTOBER 2-26

With an inexperienced squad of practically all new men, Ohio Northern's football team fought Dennison to a standstill only to lose out in the final seconds of play. Mainly by the aid of Baum's broken field running was Northern able to put the pigskin within striking distance **of** Dennison's goal line where Lehman smashed through the opposing line for Northern's first touchdown of the year. The extreme hot weather was a deciding factor in turning the tide **of** victory in favor of Dennison in that it completely exhausted Coach Meredith's first string players, thus making it necessary to resort to reserve strength which was sadly lacking. Score: **13-7.**

BROOKHART End

Brookhart at end acquitted himself nobly. He was always down the field under punts, a hard, sure tackler and it was almost impossible to take him out of a play. He was able to stand out well on a team that was a consistent loser. This player has the brains necessary for the job and the physique to make those brains effective.

BUTLER - - End

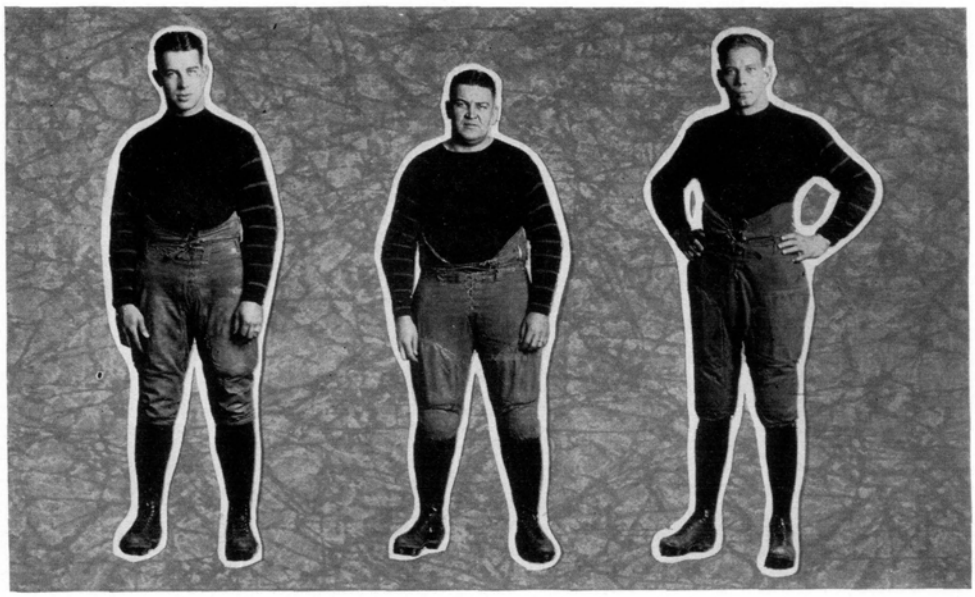

Northern had in "Red" a fast shifty end, who was in the thick of the fray all the while. It was his quick thinking, side stepping and straight arming in scoring a touchdown after a spectacular ninety-yard run at Miama that showed the coaches what the sorrel topped youth was capable of doing.

DUNWOODY - Guard

Dunwoody is rather light for a tackle, but he is fast, agile and crafty indeed. He is exceptionally adept at breaking through the opposing line, thus opening up holes through which to advance the backs behind him. Much is expected of this crafty lineman in the seasons to come.

MIAMI GAME – OCTOBER **9-26**

Miami won handily from Northern in the Polar Bears' second attempt at football since the reign of Coach Meredith. The winners unleashed a powerful running and passing attack to win by a **34** to **12** score. Both elevens fought on even terms during the first half. The second half, however, was a different story. The smooth working line of Miami made great gaps in Northern's first line defense, leaving plenty of room for Stryker, Wholender and Whittaker to gain ground. Red Butler, playing an end for Northern, provided the thrill of the afternoon when he scooped up the ball and started for Miami's goal line, completing one of the most spectacular ninety-yard runs for a touchdown ever witnessed on Miami's field. Score: **34-12.**

CARL LEHMAN — *Fullback*

"Ocean" Lehman, whose real name is Carl, is really even more ferocious than he looks. Once under steam this human Big Bertha is as fine a rippin' battering ram as you could hope to see. He is not a flashy runner but holds his feet well, is a terrific line smasher, and also one of the best defensive players at backing up a line in the conference.

MOCK - *Center*

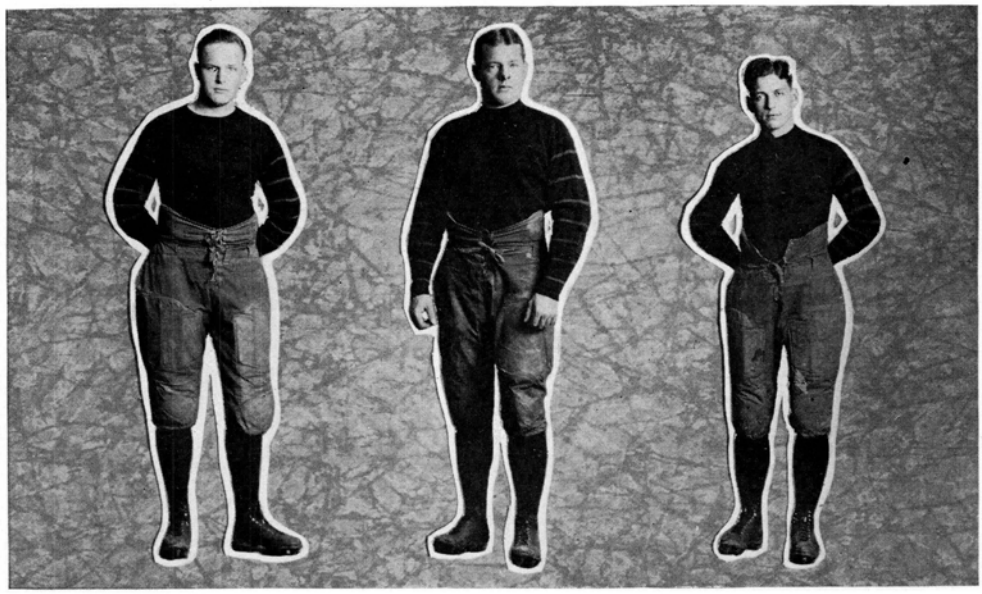

In Mock, Northern had a nifty center. He is an accurate passer and rarely makes a miscue, rain or shine. He is also alert defensively and kept his head up during a rocky campaign. With another year's experience this burly lineman should develop into a star of the first magnitude.

BLOOMGREN - *Guard*

Bloomgren possesses the general qualifications of a guard. He is both big and fast, a good clipper and a blocker—who understands the fundamentals of football and practices them. Bloomgren is not easily hurt and a guard who cannot be moved out of his position by the enemy. Concentration, determination, and aggressiveness are outstanding qualities of this man.

MUSKINGUM GAME—OCT. 16-26

A huge throng of old grads returned to Ada on the sixteenth day of October to witness the Polar Bears' game with the Muskingum College outfit. At the immediate outset Northern's representatives on the gridiron began piling up first downs galore only to be repulsed in the end by the stone-wall defense of the noble Scots from New Concord. Time after time Northern backs would register a substantial advance only to have the pigskin taken from them on downs within the shadows of the goal posts. The break of the game came in the second period when Nussbaum's fumble was quickly converted into the only score of the game. Baum's work was outstanding throughout the contest, the small halfback displaying a form which certainly warrants him consideration for all Ohio honors. Score: 7-0.

BEGGS - *Tackle*

Beggs was the "find" of the season. Under the efficient tutelage of Coach Meredith he has made amazing strides in learning the technique of tackle play. It was unfortunate indeed that his rapid development was retarded by early season injuries.

BECK - Tackle

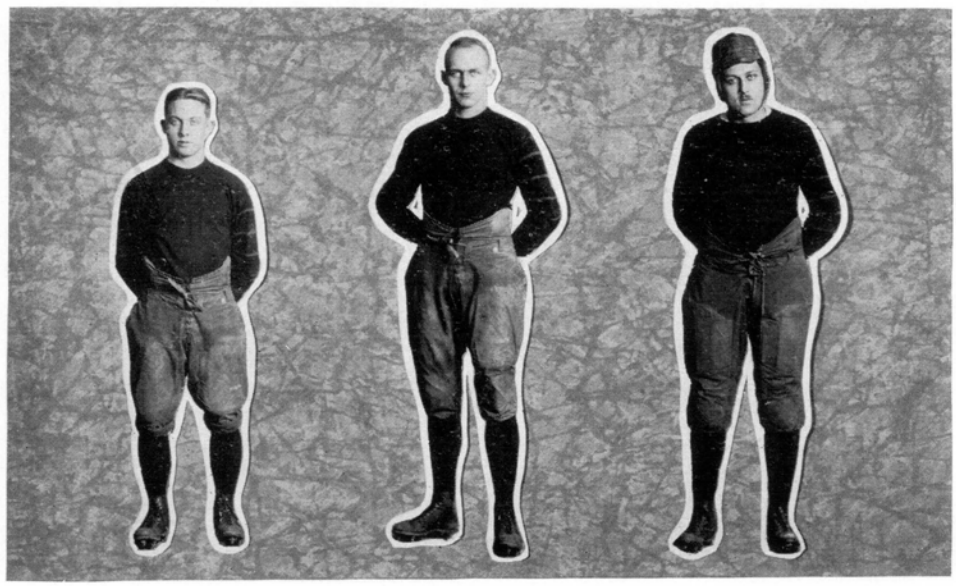

The Polar Bears had in Beck a lineman of enviable ability. He held up his side of the line in a remarkable manner, making it exceedingly difficult for the enemy to advance through his sector.

WILES - - Guard

Wiles would grace the forward wall of most any eleven. Powerfully built, fast and a good charger, in addition to possessing a smart football head, Art was without question the bulwark of the Polar Bears' first line defense. He comes out well on interference and his play is consistently high-class. With a good eleven he would have shone to much greater advantage.

WESLEYAN GAME — OCTOBER 23-26

In a hectic battle Northern dropped a hard fought game to Wesleyan in the football classic of Northern's season. Over five thousand fans saw the heavier invading squad, led by Captain Blickle, their star back, batter down Northern's green line for two touchdowns and a field goal. For Northern Baum registered several substantial advances and proved a constant threat to the opposition. The outstanding star of the afternoon, however, was the versatile Blickle. Besides handling his team in a flawless manner he upheld his reputation as a ball carrier. Both elevens fought to the last minute while Wesleyan's well balanced machine in addition to her strong reserve force gave the invaders a well deserved victory. Score: 17-0.

NUSSBAUM — *Quarterback*

Northern had a crafty field general in "Ike." He is an exceptionally good passer, and both fast and elusive as a ball carrier. His calling of plays, expert ball carrying and sparkling defensive work stamped him as a star of the game during his first season on the varsity.

CAMPBELL — *Halfback*

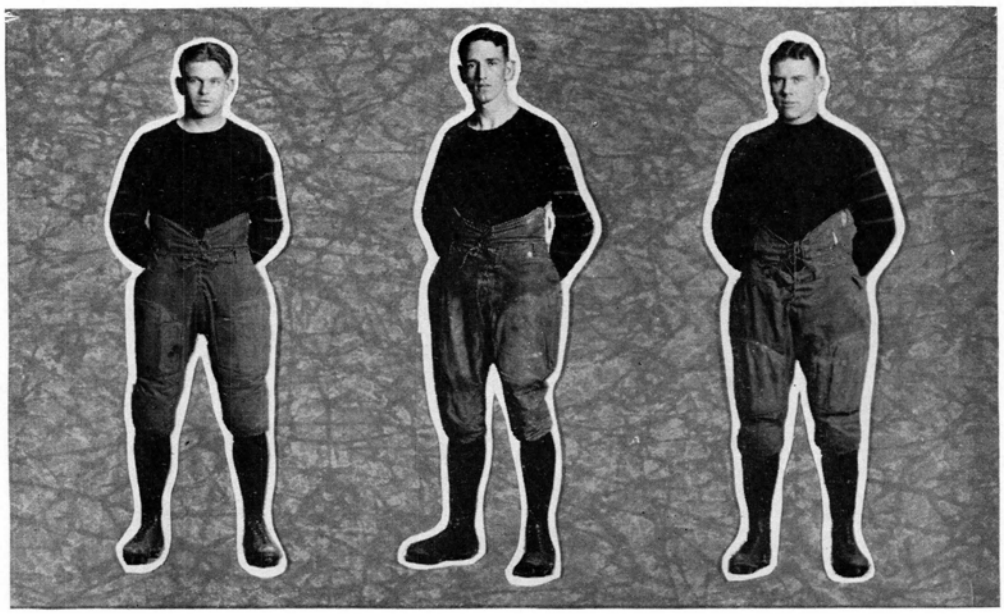

Campbell is a good man at hitting the line off tackle. He hits hard and it usually good for a few yards at least. At the same time he runs the ends well, can throw or receive a pass with equal skill and is a good defensive back. It was his outstanding work against Dayton that saved the Polar Rears from being humiliated in the face of the deadly attack of the enemy.

KEENER — *Tackle*

Keener has marvelous strength and activity. He holds up his side of the line well on the defense. Offensively his greatest asset was his ability to open great gaps through which Coach Meredith's backs could be sent.

HEIDELBERG GAME — OCTOBER 30-26

After losing four consecutive gamies, Coach Meredith's boys defeated Heidelberg, 24-0, for their first victory of the season. Outstanding in the Polar Bears' attack was Carl Lehman, who was able to pierce Heidelberg's line with much success. A sea of mud aggravated by a driving rain, made it difficult for the Norsemen to manipulate much of an open game. Nevertheless, with a running attack that was as powerful as it was deceptive, with a defense that was impregnable, and with an open air barrage centered around Baum and Nussbaum, all combined in one spectacular trained combination, the Polar Bear machine worked its way over a formidable opponent to its first victory of the season. Score: 24-0.

H. SMITH - *Halfback*

H. Smith is an exceptionally good open field runner, extremely fast and shiftv, and had it not been his misfortune to be the victim of an early season injury, his services to coach Meredith would have been invaluable.

RAY BAUM - - *Halfback*

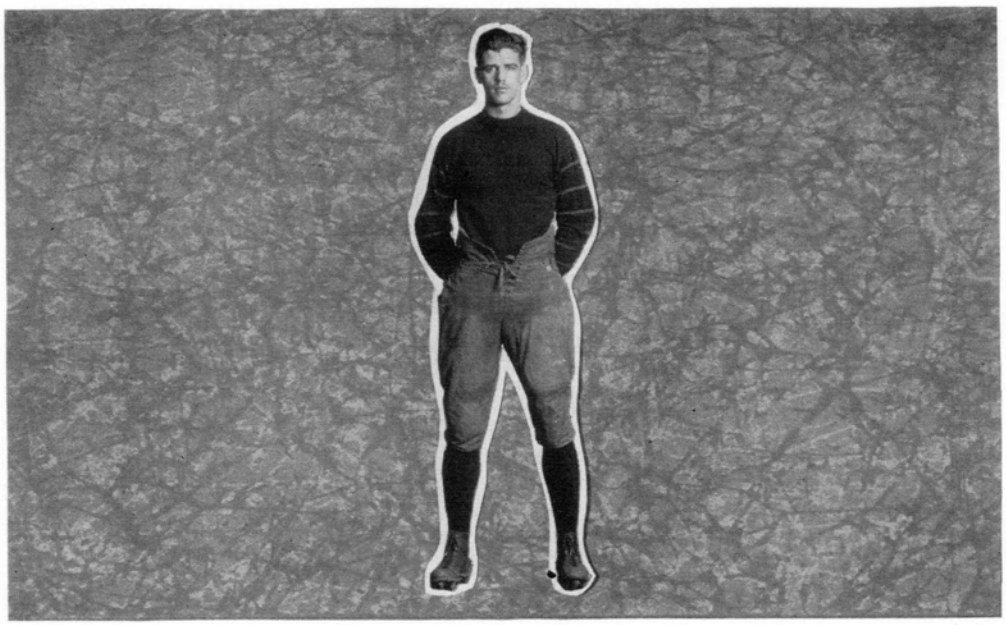

Baum was about the brightest light on Northern's mediocre team and played a steady game all year. His brilliant playing throughout the year behind an inexperienced line, warrants him undeniable recognition. Baum runs well from scrimmage or in carrying back punts. He also passes well and is equally good on the receiving end. His work was of such a variety as to make him an outstanding figure.

JENKINS - - *Tackle*

Jenkins was a capable and consistent performer throughout the season. Big, fast and alert, he would grace most any eleven in the conference. His service on next year's varsity should be of great worth to coach Meredith. Jenkins is blessed with speed, strength, gameness and determination.

OHIO UNIVERSITY GAME NOV.—6-26

Down at Athens, Ohio University squeezed out a hair line decision over Northern on the superiority of Sweeney's toe, which propelled a goal from the field to win 9-7. The Norsemen, despite their early season reverses, battled valiantly, and for a time it seemed their efforts were to be crowned with success. A blocked punt, however, paved the path to the initial enemy tally and proved to be the deciding factor in Northern's reverse. Wiles, the crafty lineman, played a splendid brand. of football. Time after time he would race in behind the line to stop the Ohio backs. Viewing the game from a statistical standpoint, Northern had the advantage, having registered twelve first downs to seven for their opponents. Score: 9-7.

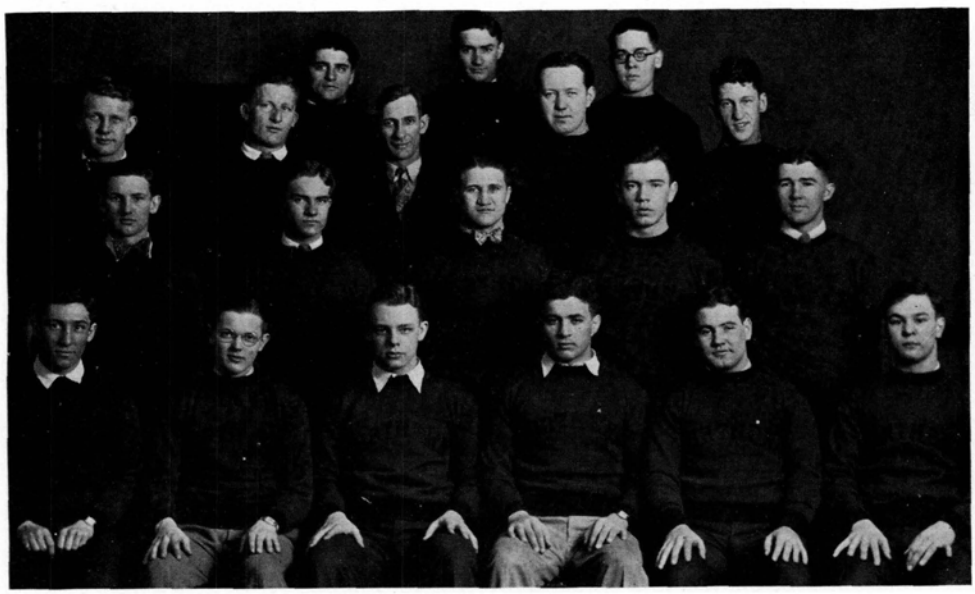

Franz ***End***

In "Jerry," Coach Meredith had a dependable kicker. He is seldom caught off guard no matter whether it is picking out the key man of a play directed his way or clearing out on offense. His twisting runs, stupendous lunges and crafty handling of passes stamp him a star.

DAYTON UNIVERSITY GAME — NOV. 13-26

On Saturday, November 13, the Polar Rears journeyed to Dayton where Dayton University was met in the final football contest of the season. The home team staged several sustained marches which culminated in touchdowns, one parade good for 67 yards and the other covering 80 yards. The half ended with Dayton well advanced in Northern's territory. In the second half the Dayton team continued to gain at will and had it not been for the strong punch shown by the Polar Rears they would have amassed a much larger score. It was at this moment that Campbell was injected into the afternoon's melee, whereupon Northern's offense took a decided brace. The pinch-hitting halfback was fast leading his team to a touchdown when Northern's hopes for a score were smitten by a 25 yard penalty. Northern welcomed this game's end, for it heralds the close of the worst campaign since the winter at Valley Forge. Score: 34-12.

Freshmen Football

FRESHMEN football activity at Northern is limited solely to competition with the varsity squad. In this way the yearlings learn the style of play which the coaches adopt, the result being an easy adaptation the following year when in competition for varsity berths.

The past year has been an unusually good year from the standpoint of material. Many promising stars turned out when the call was issued for Freshmen football. Under the watchful eye of Coach McElroy the Polar Bear cubs developed rapidly and became a real thorn in the side of the varsity.

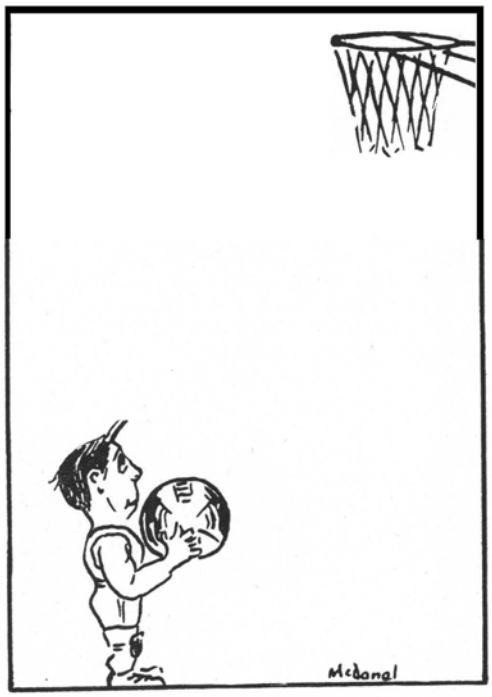

Those receiving sweaters as rewards in football were: Gutnecht, Summers, Schurman, Crowl, Vaucheo, Gressler, Daily, Steenland, Drury, Milkerson, Gennet, Rozetti, Monnott, Cottrell, Ichafino, Rowland, Harman, Whitehead, and Swartz (manager).

Popularity Contest

When everyone gets more excited, when the couples get more devoted, when men start doing things for Northern, when Jack Bertels shaves every day, and all the fair co-eds speak as if they mean it, you can put two and two together, and gather from the results that spring is here, and the Northern Review Popularity contest near.

This year more interest was shown than ever before and here are the results:

Most Beautiful Co-ed---------- Eloise Forry
Most Handsome Man---------- Jack Rertels
Most Popular Co-ed---------- Barbara Moore
Most Popular Man---------- Ted Spoeri
Most Devoted Couple---------- Wood and Dehus
Man Who Has Done Most for Northern---------- Russel Anspach
Most Popular Frosh Co-ed---------- Marguerite Miller
Most Popular Frosh Man---------- Richard Long

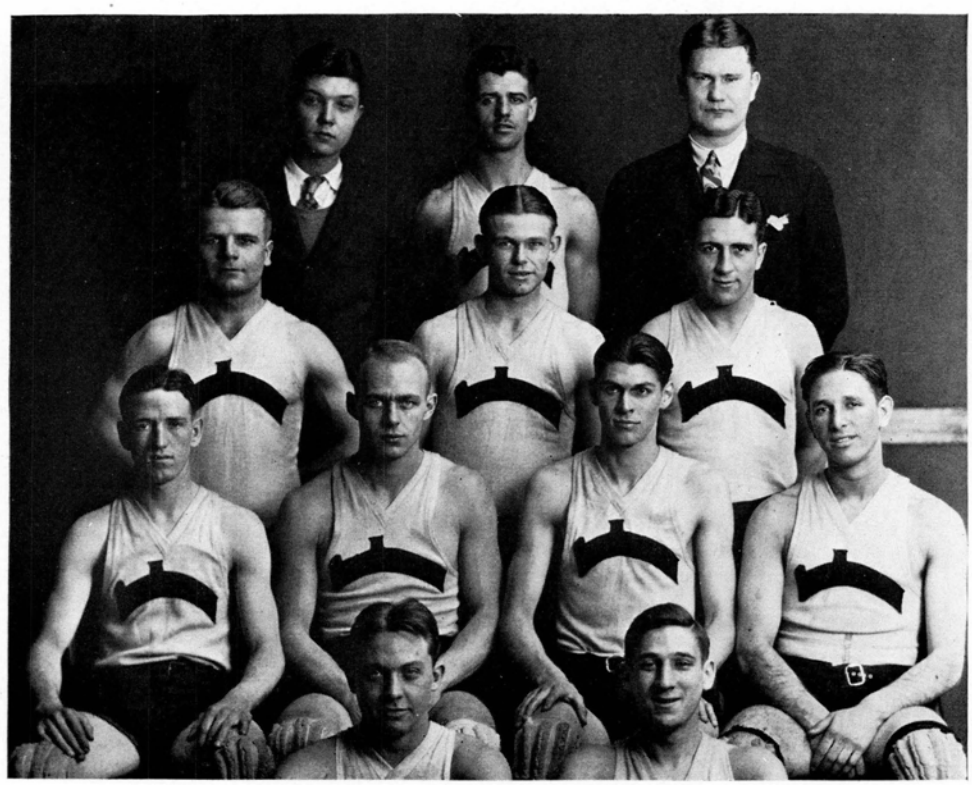

BASKETBALL

CAPTAIN SHELLY ***Guard***

Captain Shelly plays a guard, alternating with Campbell. He did not go so well during the season just passed, but has been used in the utility role with great success. However, his value as a real player has never been questioned and he is regarded as one of the best players ever turned out in Ada. His cool-headedness throughout the season was a source of steadiness to his mates.

Sponselor, Manager, Franz, Meredith, coach.
A. Smith, H. Smith, Currie.
Baum, Campbell, Shelley, Cohen.
Nussbaum, Schreiber.

Boys' Basketball

VICTOR COHEN

Cohen is a guard and players opposed to him generally find the goals as scarce as hen's teeth. Anyone need not blush when saying that Cohen ranks with the best in the state at his position. He is the mainspring of Northern's offense. The work of this star on the court is a sight of rare beauty to gaze upon. He is as swift as any who ever capered over the wooden way and he can shoot with the best.

CAMPBELL

Campbell plays a guard position, but takes an active part in the offensive play of the team, counting field goals with the accuracy of a forward. He is one of the fastest members of the Polar Bear quintet and has contributed greatly to the success of the team.

BAUM AND SMITH

"Pup" Smith and Baum are the regular forwards on the team and too much about their value cannot be said. In every game these stellar performers are on the job and their floor work and ability to count field goals have been a source of rejoicing to the loyal Northern students. Both are eligible next year and their services should be a tower of strength to the team.

FRANZ

Franz holds down the center position and he is another player who has aided, in a large way, in keeping Northern well advanced in the conference. His strength is centered in his defensive ability mainly.

The other players include Nussbaum, Schreiber, Currie and A. Smith.

Basketball

NOT less than twenty-five men answered Coach Meredith's call for candidates for the varsity squad. Six of last year's letter men returned to form the nucleus of the squad for the present season. This group consisted of Capt. Shelly, Ben Smith, Campbell, Raum, Silbaugh and Cohen. In addition to this splendid array of material Coach Meredith had an abundance of new material available. Coming from last year's Freshman squad were A. Smith, H. Smith, Nussbaum, Franz, Schreiber, and Currie. Quite a problem confronted Coach Meredith in moulding these athletes into one of the finest teams in the Ohio Conference. Ill fortune befell the team early in the season when Ben Smith, star guard, was forced out of the game with a serious injury to his ankle. The Coach, however, quickly converted Capt. Shelly, erstwhile center, into a guard, where he alternated with Campbell throughout the season. Franz rapidly developed into a high-class center. Baum and H. Smith played the two forwards, while the reliable Cohen played the other guard.

The Polar Bear quintet opened the season with eight pre-conference games, the first of which was played with the Lima U. B. Church team. Loose playing char acterized this game. The game ended with Northern on the long end of a 32-20 score. Northern lost the second game by a 27-26 score. The next game, however, proved a victory for Northern, for Bluffton College was defeated 21-16. Bowling Green was the next to fall before Meredith's "Five Horsemen," by a 38-25 score. In the next game the Polar Rears suffered defeat at the hands of the fast Marion Steam Shovel outfit. The game was featured by clean playing on both sides, only one foul being called cn Northern and but five on the opposing team. The final verdict was 26-41. In the next game with Lima Y. M. C. A., the Norsemen won in a high scoring contest by the score of 44-40. Following this the Ohio Crane was met, and defeated the Polar Bears by a 44-37 count. In the last pre-conference game the Polar Bears won a hectic combat from the St. John's Academy crew by a score of 24-20.

Northern's conference schedule was officially opened by the appearance of the Wooster College five in Brown Gym on the night of Jan. 8th. Northern played wretched basketball in the first half, the players seemed to be sluggish and the team work was missing except toward the end of the period. At half time Northern was trailing 20-5, having scored only once by the field goal route. Wooster, meanwhile, was playing glittering basketball, out-classing and out-shooting its opponents and reaching the scoring zone almost at will. Northern took a decided brace in the last period but Wooster's advantage could not be overcome. Score, 36-26.

Northern's basketball team was defeated for the second consecutive time when the fast Otterbein quintet nosed out a two point decision in Brown Gym Saturday, Jan. 15. At the start of the contest the Polar Bears set a furious pace for the Westerville lads, but this outburst of speed seemed to be a challenge to the Otterbein crew, for at once they did a face-about and in a short while had a comfortable lead, not to be overtaken. Cohen was forced from the game during the second period and Northern surely missed him. Nussbaum and H. Smith played well for Northern, while Buell and Seamen engineered the downfall of the Polar Bears. Score 28-26.

A field goal by "Vic" Cohen in an overtime period gave Northern a one point victory over the Dayton University quintet in what proved to be the most interesting combat of the season thus far. Except for the early minutes of play the game was a nip and tuck affair throughcut, first one team and then the other forging to the front.

The half ended at 12 all. Coach Meredith sent in four new men at the beginning of the second half. The Orange tornado at once unleashed a whirlwind attack piling up ten points before Dayton sensed the need of some baskets, whereupon they evened the count, thus necessitating an extra period. Campbell, Currie, Ben Smith, Baum and Cohen all played well for Northern, while Wilcox showed up best for the losers. Score 27-26.

Heidelberg's passers defeated Northern in a fast exhibition of basketball on Tuesday, Jan. 25. The Tiffinites showed a clever brand of pass work that baffled their rivals. Heidelberg completely smothered Northern the first half, the Polar Bears counting only two goals. With a revamped battle front Northern returned and fought stubbornly and it began to look as if they might squeeze out a victory, but a rally by Heidelberg shortly after the middle of the period definitely turned the tide. Score, 28-24.

Led by Taylor, all-Ohio center, the Muskingum College quintet ran rough-shod over the local lads. Northern's passers played their best, but the superior teamwork of Muskingum's outfit was not to be overcome. The whirlwind playing of Taylor and Orr was productive in the extreme for the visitors. Taylor's shooting and all around playing was nothing short of marvelous. For Northern, Baum, H. Smith, and Cohen led in the attack. Score, 44-28.

On Friday night, Feb. 4th, Northern's basketeers journeyed to Ashland where Ashland College was met and defeated. The game was close throughout. Ashland opened with a burst of speed, but Northern came back strong in the second half and tied the count. When the gun sounded the close of the game the score stood at 38 all. It was during the next five minutes that Cohen, H. Smith, Franz and Baum sent the ball through the net with much regularity. When it was all over it was found that Northern had amassed a total of 15 points during the extra period, thus winning 53-39.

Northern defeated Bluffton in a fast and interesting game on Saturday, Feb. 5th. This was Northern's second victory of the season over the Bluffton passers. Cohen and H. Smith led the way for Northern, garnering 15 and 9 points respectively, while Moyer and Eikelburger played best for the visitors. Score, 32-20.

Northern's basketeers completely annihilated the Baldwin-Wallace quintet on the latter's floor on Feb. 11th. Held fairly close in the first half, the Polar Bears opened up in the second period of the game and swept all before them. Campbell led the attack, but there was plenty of aid for him at hand all the time. Schill was the only man wearing the enemy's colors who was able to score with any degree of consistency. He tallied seven points. Score, 44-23.

Northern's passers received quite a scare when they tackled Hiram on the latter's "band box" floor the night following their decisive victory over Baldwin-Wallace. Not only was Hiram leading 12-9 at half time, but they had a one point lead with the seconds of the last period remaining. A pass from Cohen to H. Smith saved the game, for once Smith got his hands on the ball it started for the basket, looping through the net simultaneous with the crack of the timer's gun. Score, 24-23.

With machine-like precision Northern tripped the Ashland College quintet for the second time this season. Ashland came to Ada to atone for the defeat suffered at the hands of the Bears earlier in the year. Only during the early minutes did the game resemble a close affair. Northern soon began amassing a comfortable lead enabling Coach Meredith to do much substituting. The Bears played as they had

not played all year, and displayed a very snappy attack and a very close defense, especially during the first half of the ball game. Ashland, on the other hand, was very loose and ragged in their play and only a decided brace in the waning moments of the second half, coupled with some excellent work at the foul line, put them in the game at all. Score, 53-39.

Northern's five game winning streak came to an end when the Dayton Flyers handed Northern a set-back in a rough game wherein little basketball was exhibited, except for the flashy dribbling of Cohen. The star dribbled through the entire Dayton defense several times but the Dayton guards managed to "get" him before he could do much damage. This they accomplished in a most efficient manner: one of them would effect a sort of flying tackle whereupon the entire team would pile up with Cohen on the bottom. It was indeed a hard night for Cohen. Snelling was high point getter for Dayton, while Ray Baum garnered the highest number of points for Northern. Score, 31-22.

Kenyon scored a decisive win over the Polar Bear quintet on the former's floor on February 23. Northern seemed to be at the mercy of the whirlwind offense of the Kenyonites, especially during the last half when Van Epps was unstopable. For Northern, Baum's stellar work was outstanding, being responsible for thirteen of the Rears' points. The winners presented a too smooth working offense for Northern to cope with for any length of time, resulting in Kenyon's comfortable lead from start to finish. Score 55-34.

The Norsemen were unable to shake off the ill luck which had been following them since their decisive win over the Ashland passers, the result of which was a victory for Oberlin on the latter's floor, three nights following the Kenyon game. Several opportunities presented themselves for a Northern victory, but the boys seem to lack the necessary punch to overcome their losing streak. The work of Tessenvitz was outstanding. His consistent foul shooting virtually won the game for Oberlin. Cohen and Smith shared scoring honors in Northern's last game of the season. Score, 38-21.

Freshmen Basketball

EIGHTY men reported to "Doc" Newton when he issued a call for candidates for berths on the Freshman basketball team. Such a host of men had never reported for competition in Freshman sport in the history of the institution. Newton was very optimistic as a result of this turnout. The squad was cut from session to session during the early weeks of the season until only the following men remained: Monnott, Long, Stickle, Thompson, Miller, Volrath, Daily, Iddings, Levitt, Marshall and Rowland. It is indeed difficult for anyone to choose a first team from this array of stars. At least "Doc" Newton found such to be the case, for he didn't have a first team. Various combinations were used in practice against the varsity, but the one which appeared most invincible was composed of the following: Miller and Daily forwards ; Long, center ; and Monnott and Stickle, guards.

Fogle, *Manager*, Porter, Dillon.
Randell, Huston, Newton, Fidler.
Roder, Carper, *Captain*, Lantz, Conner.
Ray, Stepleton.

Girls' **Basketball**

WHEN the basketball season opened last fall about thirty girls answered the call of Dr. Newton. Of this group twelve were retained, six of this number receiving sweaters at the season's close as rewards for their having participated in the required number of games. In addition to these six, Miss Margaret Newton and Miss Miriam Ransdell were given arm-bands for the sweaters they received last year.

Though striving to keep up the clean, undefeated record of last year, the team of '27 met defeat at the hands of the Lima *Y*. W. C. A team on the latter's floor. However, they later atoned for this defeat when the Lima team appeared in Brown Gym for the return engagement. In addition to these two games such teams as Cedarville College, Alger High School, Ada High School, and Dola High School were met and defeated.

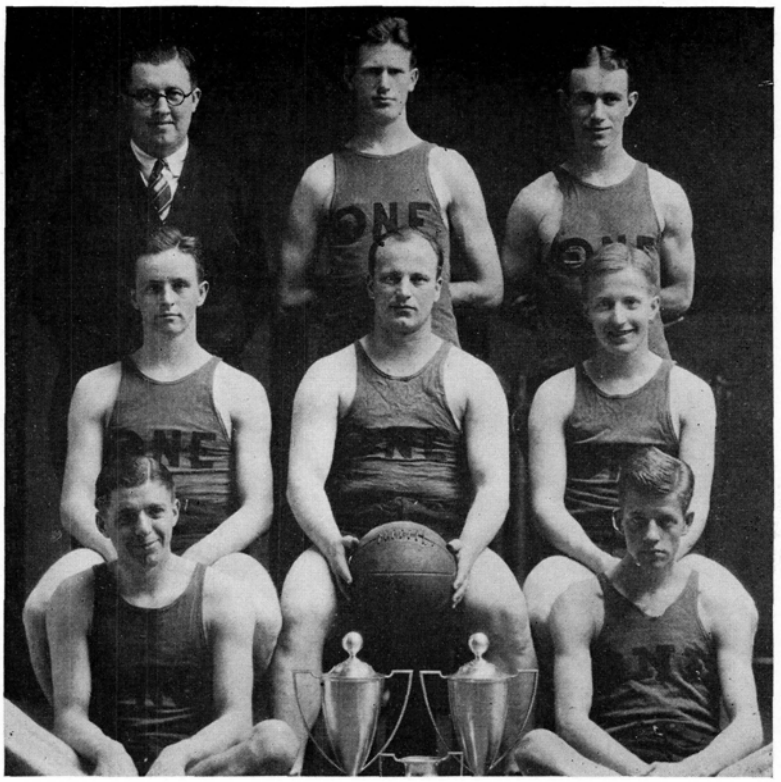

With this splendid record as an incentive and with the return of many of the stars, the co-eds hope to do even better next year.

Miss Pearl Carper, star forward, captained the team during the past season, while Miss Nelle Fogle acted as manager.

FRATERNITY CHAMPIONS — THETA NU EPSILON

The Fraternity League proved a decided success during the past season. Not a single team came through the season with a clean slate, the two foremost contenders having each been defeated once before locking horns. The "battle of the gods". took place during the latter part of the winter quarter at which time the Theta Nu Epsilon team was virtually recrowned champion as a result of their victory over the Sigma Pi outfit. Both teams had each lost one game, both having been defeated by the Sigma Phi Epsilon team. The game was close throughout with the T. N. E.'s holding a slight advantage over its rival. The work of Conrad and Brookhart was outstanding for the T. N. E.'s, while Hoffman and Kattman played best for the Sigma Pi.

The long season was officially closed on March 19. In order to lay valid claim to the crown the T. N. E.'s had yet to defeat the Phi Mu Delta quintet which they succeeded in doing by a 19 11 score. Conrad and Brookhart again led the way for their team, while Moulton played best for the losers.

CAMPUS LEAGUE CHAMPIONS—BELL HOPS

By defeating the N. S. A. C's. and the Pill Rollers respectively the Bell Hops won the championship of the Campus League.

Having disposed of the N. S. A. C.'s by a comfortable margin their nest task was that of defeating the Pill Rollers which, they succeeded in doing in a hotly contested battle. The Pill Rollers jumped into the lead in the early minutes and maintained it until the middle of the fourth quarter. This they were able to do by virtue of Ream's shooting and Milkerson's splendid floor work. Entering the fourth quarter on the small end of a 15-10 score, the Bell Hops unleashed an attack that completely bewildered their opponents. So furious a pace did they set that the Pill Rollers' defense cracked. wide open permitting Christopher and his mates to get under the basket with much frequency. With the score at eighteen all and one minute to go Christopher let go and scored a beautiful shot from mid-floor, clinching the game for the Bell Hops.

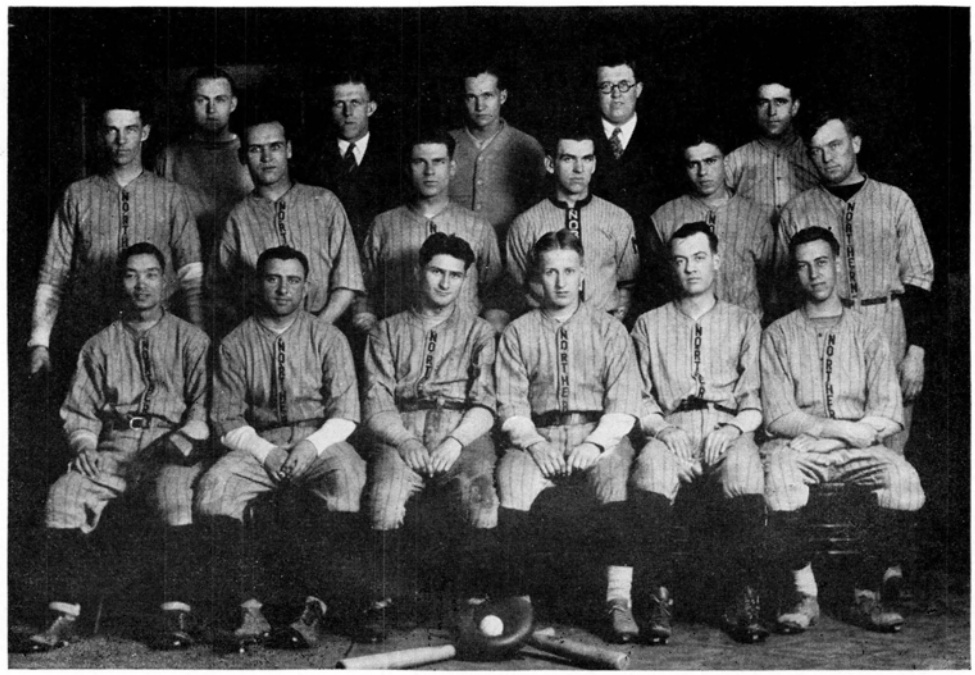

BASEBALL

CAPTAIN BROOKHART - *First Base*

Captain Glen Brookhart acquitted himself nobly on the diamond last spring, his playing at the initial sack being consistently high class throughout the entire season. For the **past** three seasons this stalwart youth has been the backbone of Dr. Newton's infield. His worth to the teams has been equally important offensively, and his absence will make a gap which **will** indeed be difficult to replace.

Cooley, Coach Roderick, Holt, Ault, Jenkins
Brookhart, Haase, Still, DeZort, Garmon, Stumpf
Lee, Matz, Finklestein, Brown, Carpenter, Sanford.

Baseball

NORTHERN enjoyed limited success on the diamond last spring. Inclement weather retarded proper development of the pitchers and handicapped the team as a whole. Lead by Capt. Brookhart, the team journeyed to Bowling Green on April 27th to engage in its first battle. The game was called in the fifth inning with Bowling Green Leading 6-4.

On May 1st Capitol University was played at University Field. Through the masterful work of Sanford on the mound, aided by spectacular fielding on the part of Garmon and Kerschner, Northern was able to win 4-3. Northern won this game by staging a rally in the ninth inning, Haase, Kerschner, and Brookhart crossing the rubber as the result of Matz's clean drive over second. Capitol's ninth inning rally fell one run short of tieing the count.

The Polar Rears journeyed to Marion on May 8th where the Marion Steam Shovel outfit was met. Brown scored in the first inning on a hit by Garmon. Five more runs were sent over, one in the fourth, three in the fifth and one in the sixth.

The semi-pro team took a liking to the offerings of Lee and amassed a total of eleven runs, three in the third, two in the fifth, one in the sixth, and five in the seventh on consecutive hits by Rieser, Rogers, Martfield, and Gerrant.

On May 11th Northern and Bluffton College engaged in a batting contest at the University Field, Northern emerging the victor. Two rallies, one good for four runs, and the other for five, in the fifth and eighth innings respectively, enabled Northern to keep on the long end of an 11-8 score. Finklestien's three-base hit was productive in the extreme for the Polar Bears, two men being on the sacks at the time of his hefty wallop.

The following day Bowling Green Normal was met for the second encounter of the season in a well played game. Moscoe had a slight advantage over Stumpf, although the latter exhibited a classy brand of hurling. By virtue of Moscoe's masterful work on the mound and a lucky break in the last inning, Bowling Green squeezed out a hair-line decision to defeat Northern a second time. Score, 7-6.

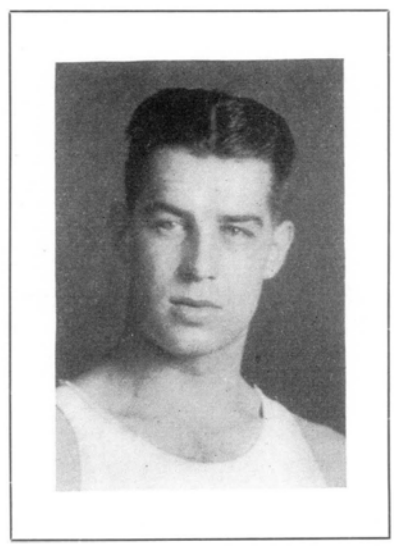

On May 14th Northern journeyed to New Concord where Muskingum College and Northern were scheduled to lock horns. The game was hardly an inning old before it had to be called on account of the interference of Jupiter Pluvius.

The Polar Bears were the victims of revenge when they stopped over in Columbus on their way from the abbreviated game at New Concord. Here Capitol University was again met. The game developed into a pitchers' duel between Sanford, Northern's southpaw ace, and Mix, of Capitol, the latter having the better of the argument in a gruelsome battle.

After a seven days' rest Sanford was placed on the firing line against Ohio Wesleyan. Myers, of Wesleyan, held the Polar Bears to five scattered bingles, while his own team was collecting ten hits and as many runs off the slants of Sanford. Northern's scattered hits were productive of one run when Garmon's two-base hit sent Still across the rubber.

TRACK

CAPT.4IN LEHMAN - *Discus*

Carl Lehman captained Northern's track team last spring, the most successful track team at Northern in recent **years.** Lehman is characterized by his industrious spirit, both on and off the athletic field. This spirit on the part of their leader was an outstanding factor in the team's successful season.

Graham, R. Bowers, Bowyer, Silbaugh, Cameron, F. Bowers, Shelley.
Aarons, Manager, McElroy, Heft, Jones, Maloney, Baum, Francis, Torigue.
L. Jones, Merkle, Hartley, Sharer (Coach), Mathews, Anderson, Suid.
Manges, Bertels, Long, Lehman, Eighmy, Overmeyer, Clark.

Varsity Track

THE POLAR BEARS showed up well on the cinder path last spring, defeating their opponents in all the meets in which they were entered. So powerful was last spring's track squad that only two of the former records for the different events remained unbroken. Much credit is due Coach Sharer for his untiring efforts in whipping this splendid wealth of material into one of the best track combinations in the state. Led by Captain Lehman, the team amassed a total of 439½ points as against 190½ points for its opponents.

Those men who were outstanding factors in Northern's success on the field and track are as follows: Heft and Hartley at the 100 yard dash; Maloney and Heft at the 220 yard dash; Maloney and Hartley at the 440 yard dash; Anderson and Manges at the 880 yard dash, the one and two miles; Long and Campbell at the shot put; Cameron and Petro at the discus; Captain Lehman at the javelin; Eighmy and Campbell at both the high and low hurdles; Bertles at the broad jump; Clark and Shelley at the high jump; and Heft, Mathews, Hartley and Maloney on the record breaking relay squad.

TO Walter A. Boyer, our friend and classmate, we owe our deepest appreciation. To him who ever fought boldly upon the field of battle and on the athletic teams of our University. In him was invested the true qualities of noble manhood, a leader of men, and a man among men.

MINOR ATHLETICS

Sanders, Maloney, Sharer (Coach), Anderson

Cross **Country**

THE CROSS COUNTRY TEAM enjoyed limited success last fall. With only two veterans, Anderson and Maloney, left from the 1925 team, Coach Sharer faced a serious problem in selecting a team. In addition to Anderson and Maloney the following men were used: Kohli, Grimm, Stoner, Cotner, Randall, and Sanders. Northern had but three meets, with Wesleyan, Muskingum, and Wooster, losing all three by a small margin. Anderson won first place in each of the meets. Starting at a fast pace he finished the same way, his nearest competitor usually not even being close at the conclusion of the race.

In the Big Six Cross Country race Grimm and Stoner finished well up in the first half among a field of about sixty entrants.

Patton, Rumbaugh, Lantz.
Meyers, Edwards, Newton (Coach), Huston, McElroy.
Conner, Carper, Detrick, Stepleton, Dillon.
Fidler, Ransdell, Fogle, Dunbar.

Girls' Hockey

UNUSUAL interest was shown by the co-eds in hockey during the Fall Term. Regular practices were held every Tuesday and Thursday afternoons, but no varsity team was chosen.

Miss Margaret Newton, junior in the Department of Physical Education, supervised and directed the teams.

Hockey is just in its infancy at Ohio Northern. It is believed, however, by the heads of the Phvsical Education Department, that if interest increases in this sport at the rate it has in the past two seasons it will be but a short time until Northern will be able to support a varsity team and compete with other Ohio colleges for honors in hockey.

Intramural Track '26

JUST as soon as the Intra-fraternity basketball league came to a close interest shifted from the basketball court to track and field. Interest among the fraternities in track competition is on a par with that manifested in basketball. Each of the various fraternities entered a team besides several non-fraternity men who entered for individual honors. After meeting with much opposition the Theta Nu Epsilon fraternity carried home the cup which was offered to the fraternity collecting the most number of points. On their team were the following men: Anderson, Eighmy, Bertels, Chacey, and Shelley.

The Delta Sigma Phi fraternity won the trophy offered the winner of the relay, while Walter Eighmy had the honor of being presented the gold medal which was offered the entrant making the highest number of points in the meet.

A. Smith---------100 yard dash and low hurdle
C. Stoner---------Mile and two mile run
T. Grimm---------220 and 440 yard dashes

Silbaugh, Cameno.

Tennis

THOUGH still in its infancy at Ohio Northern University, tennis has become an intensely popular sport, and interest has been increasing at a rapid rate. Judging from this it seems quite evident that this interesting sport has firmly established itself in Northern's sport curriculum.

Northern was represented last year by the following men: Ellison Kaufman and Dwight Solomon, the only two-year men on the team. They formed a perfect nucleus around which was gradually whipped into shape a pretty fair outfit. The remainder of the team was made up of the following men: Hoyt Downing, Carlos Camino, Julius Pastor, and Verne Silbaugh.

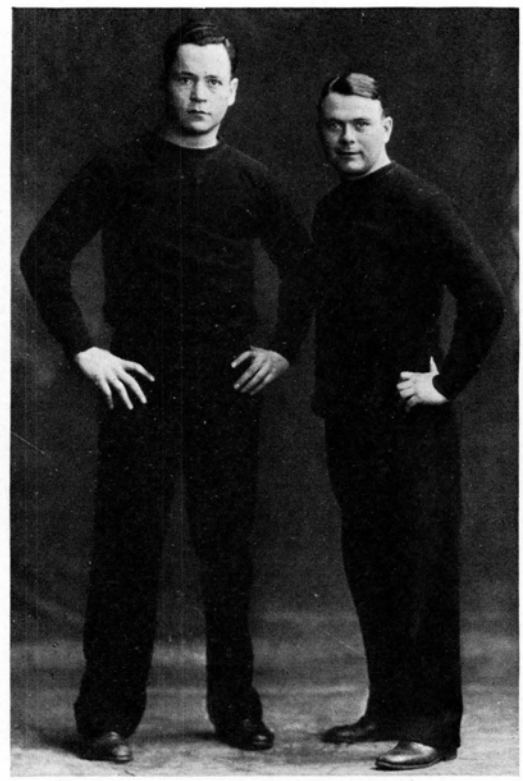

The team received a fifty-fifty split in their match play, taking both matches from Bowling Green and dropping two to Otterbein. Taking into consideration all the difficulties with which the team had to content a fairly successful season was enjoyed, but due to very inclement weather at the opening of the season practice sessions were at a premium; however, we are looking forward to a much better record for the present season.

Kennedy, Long
Sponseller, Ault, Raab

Managers

The work of the athlete is usually lauded to great heights as he covers and recovers himself with glory, yet equally as important is the toil of the slightly mentioned individual known as manager. Few "rahs" are accorded the football manager as he wades through the mud and wet in pursuit of his duties, yet were it not for his untiring efforts it would be impossible for the student body and others to witness the many contests which apparently move along without effort. What is true of the football manager is true of the manager of any phase of athletics. Northern has been extremely fortunate in having the following men act in the capacity of manager during the past year: Long, football; Sponseller, basketball; Raab, track; Ault, baseball; Kennedy, cross country.

Cheer Leaders

The Sentiment of some noted figure sums itself into this: "Some men are born great, some achieve greatness, while others have greatness thrust upon them." It's quite a task to diagnose the patient at hand who is none other than "Red" Rernstien, our colorful cheerleader. He may or may not have been born great; he may or may not achieve greatness; but we do know that he had greatness thrust upon him when he was drafted cheer leader last fall. Much credit is due "Red" for his uncanny ability in selecting a partner, for when he chose Lou Young he made a popular hit as well as a wise selection. Lou himself can make as much noise as half a cheering section.

These two boys worked unceasingly throughout the entire year, and too much credit cannot be given them for the sacrifices they made in behalf of Northern.

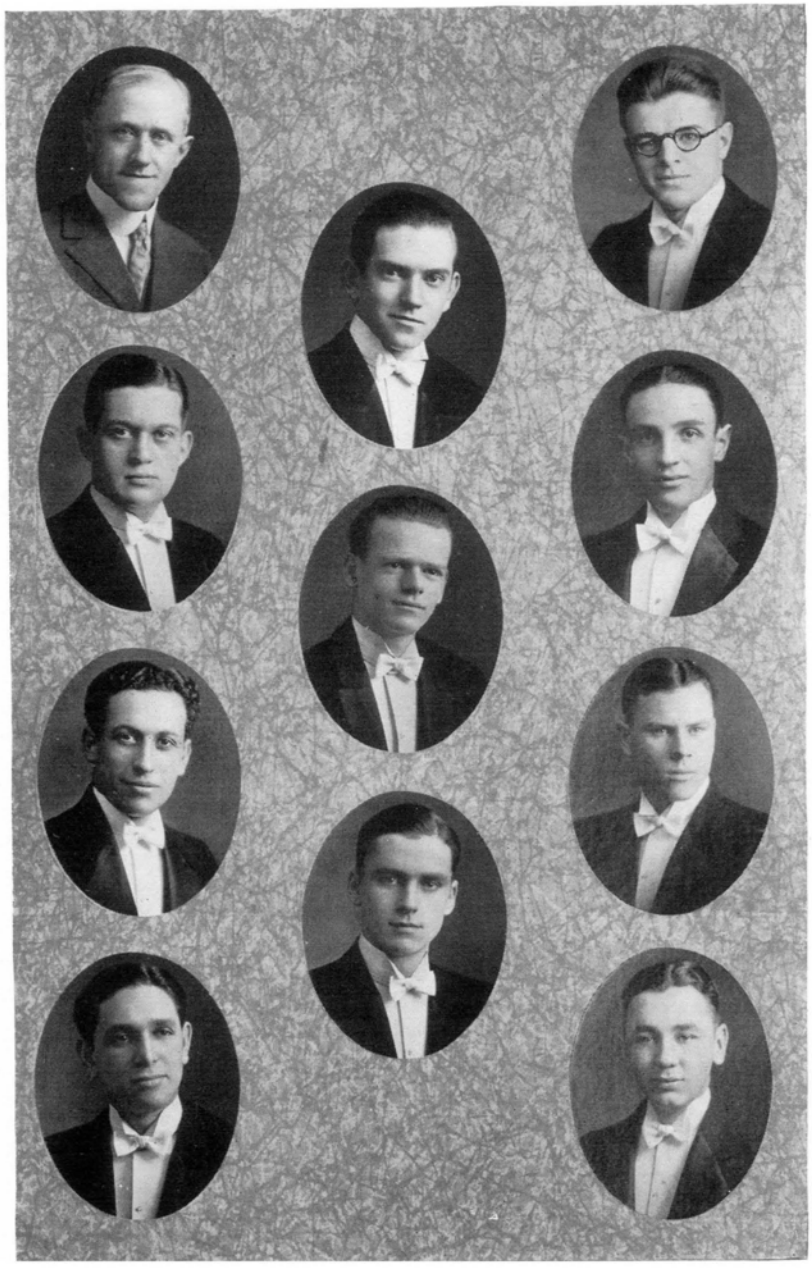

Conclusion

THE past year has been one of fair success for the Northern athletic arms. Each team has fought hard to win, and it has been the policy of the Athletic Department to operate on the basis of an open administration with "the cards on the table," and complete co-operation with the student body, alumni, college authorities and supporters of the school and its athletics. The students on the other hand have shown a willingness to support the teams in every sport, and with this spirit the institution will continue to have the best teams that can be put on the gridiron, the basketball court, the track and the baseball diamond. The recent addition to the coaching staff in the person of William F. Meredith has proved a decided success. Meredith assumed the duties connected with his post at Northern at a time when careful management and supreme effort were realized to be necessary. He was confronted with problems that were calculated to make the job an arduous one and his efforts were at the mercy of critical scrutiny. Yet in the midst of all this he has won the good will of every loyal student and alumnus. With such conditions predominating Northern should make rapid strides to the front in the athletic world.

The Pan-Hellenic Council, composed of a member of each fraternity on the campus, has become the most active factor in the promotion of good will and friendly feelings among fraternal organizations and campus men. This year 1926-27 has been most successful for the Council, as it has, through its efforts maintained several old traditions and established a few precedents.

Senior Poem

Standing on the shore of the Sea of Life
At the beginning of the day,
I watched the billows of trials roll high
And cover the rocks with spray.

As I stood there watching this raging sea
Toward the eastern sky, I happened to look,
There upon a pedestal of gold
Appeared a magnificent book.

A guiding hand its contents revealed
And from its pages I began to read
These were the words it gave to me,
These beautiful words we need:

"Remember, dear youth, your days are short
And it's time that you should grasp
The oars of your canoe and paddle hard
If you would conquer Life's task.

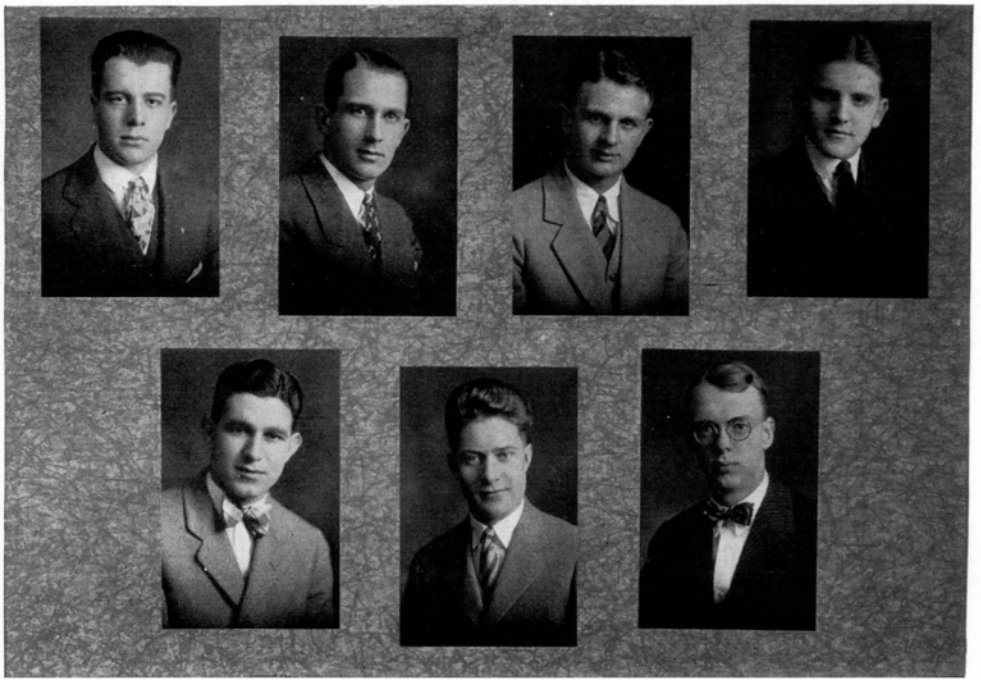

Build up your mind, body, and soul
Free from the habits unfair;
Do unto others as ye would be done by,
And surely a crown you'll wear."

In a twinkling of an eye it vanished away
But its advice will linger long
If you would voyage successfully on the Sea of Life,
You must paddle your canoe alone.

Engineers' Executive Committee

The Engineers' Executive Committee is composed of men selected from the four engineering societies. Its purpose is to promote the activities of the College of Engineering during the school year, and especially to plan and conduct the annual Engineers' week program.

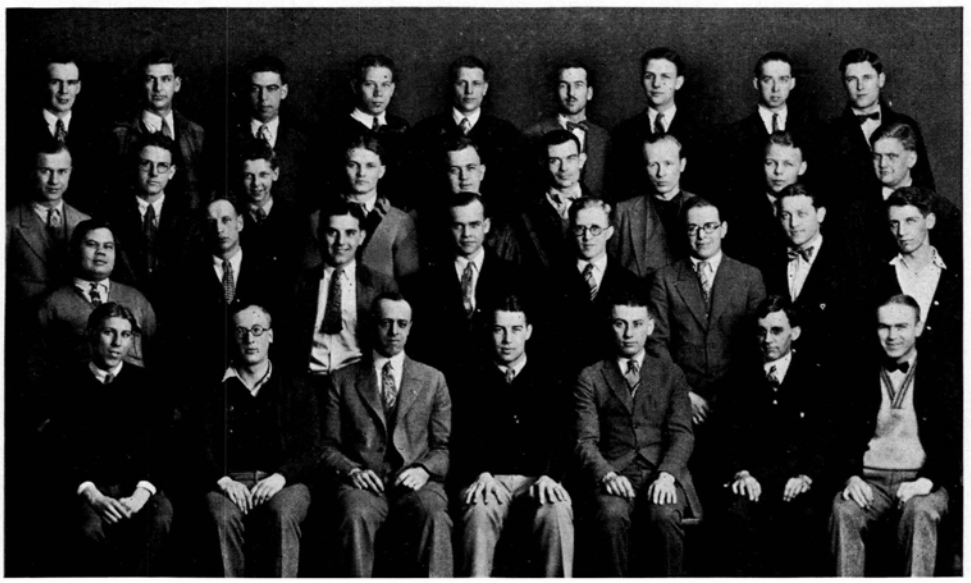

Following this week comes the annual inspection week for the purpose of bringing the students into close contact with the leading manufacturing concerns of the middle west. This year a very profitable week was spent in Chicago and vicinity under the direction of Dean John A. Needy.

Civil Engineers

The Ohio Northern branch of the American Society of Civil Engineers has enjoyed an exceptionally progressive year.

A material change has been made in the directing of the society. In former years it was the custom to obtain a professor or a business-man to give a short talk at each meeting. Now there is scarcely any dependence placed upon the professors or business-men. Instead a member is chosen at one meeting to present a talk at the following session. This has proved very satisfactory as it gives the student the experience of expressing himself in public.

Civil Engineers

The society contemplates making a change in the rules regarding the acceptance of new members. According to the present methods any civil engineering student may join the society by paying his respective dues. Next year it is believed that a rule will be passed that will require a candidate to attend at least seventy-five per cent of the meetings for the year previous to his acceptance.

Professor Webb has been chosen to act as sponsor of the society. With his broad practical experience in engineering work and his desire to mix with the students, it is felt that the society has a very capable leader.

Electrical Engineers

The Ohio Northern branch of the American Institute of Electrical Engineers was organized in 1912. Since its organization it has stood for the betterment of the engineer along electrical lines as well as social.

At the beginning of this school year, Prof. I. S. Campbell was elected faculty advisor. With his helpful suggestions, the association has had one of its best years, if not the best since its appearance on the campus.

Electrical Engineers

The electricals held bi-monthly meetings throughout the year. Technical talks were given at these meetings, and engineering topics of interest were discussed. These talks were usually given by students, but often throughout the year different professors contributed many ideas that were of interest to the young engineers.

Several smokers and social programs were given in order to bring together every electrical and to try to induce each one to attend the meetings more regularly. In this way a better feeling of fellowship was developed.

Mechanical Engineers

The Ohio Northern University student branch of the American Society of Mechanical Engineers, under the able direction of this year's officers passed through another very successful year.

The purpose of this society is to promote the interest of mechanical engineering education and to bring the undergraduate into closer contact with new developments in the mechanical engineering field. Meetings were held every two weeks, for the purpose of discussing various engineering projects.

Membership has been steadily increasing for the past few years and the society is now one of the leading engineering organizations on the campus.

Chemical Engineers

The Ohio Northern Society of Chemical Engineers was formed in 1919 under the leadership of Prof. Sleesman. It was organized to promote friendship and interest among the students in this branch of engineering.

Though being the smallest of the engineering societies, great interest has been taken in the organization by the members. The society has enjoyed a high percentage of membership and attendance from the students enrolled in the chemical department.

Ri-weekly meetings are held at which time the chemical knowledge of the members is broadened by talks given by the students and outside speakers upon themes relative to this subject. Smokers are held each quarter where the members are brought into much closer social contact.

Law Association

The Law Association, representing all the students enrolled in the College of Law, is organized principally to promote good fellowship among the students and to help them in preparing for their future profession.

Officers having been elected during the previous quarter, the work of the association was ready to begin immediately upon the opening of the fall quarter.

'The first social event was an informal party given by the law faculty at the Odd Fellows' Hall. The entertainment, furnished by the members, was one which might justly be termed unsurpassable.

Law Association

During the winter quarter, under the auspices of the association, several very worth-while lectures were given by some of the more prominent members of the Ohio Bar. Judge Clark, of Canton, Ohio, might especially be mentioned.

Due to the untiring efforts of the faculty, the students' interest in the routine of court work was keenly developed through the varying questions argued in Moot Court every Tuesday.

Law Association

The shortness of the spring term did not deter the Association's activities in the least. Under the guiding hand of the officers for the previous quarter, the organization functioned in a very creditable manner.

A very successful social event of the term was a big smoker. Here the young lawyers turned out in unprecedented numbers. An evening with many beneficial results was provided to all those who attended.

Several speakers of note were procured, who added a wonderful store of new ideas *to* the minds of the embryo lawyers. To secure all of these men it was not necessary to search at a great distance, as one of the prominent speakers was Mr. Brower, the City Manager of Lima.

"Semel Medicnmentarius Semper Medicamentarius"

This organization is represented by its members in all parts of the world and consists of students in the College of Pharmacy as well as members actively engaged in the practice of the profession and others of fame in the fields of medicine and chemistry.

The purpose of the organization is to further the profession of Pharmacy and create the highest standards and ideals possible for the profession.

Pharmaceutical Association

The organziation has enjoyed a steady growth since its origin in 1905 with a small group to its present day status of 1675 members of which 177 are enrolled in the College of Pharmacy at the present time.

A great deal of the association's success is due to the earnest and diligent efforts of Dean Raabe and Professor Hamsher, who are permanent presiding officers, and whose stamp of approval is always wisely and considerately given to all new endeavors only after it has been given a thorough and careful investigation.

Pharmaceutical Association

In the Fall Quarter one of its members a freshman, Victor Mitchell, by name was called to the Great Beyond. The organization was further saddened by the loss of another of its active student members, Harold Fares, through the call of death. These two members were well liked by all, and the association feels that it has lost two of its finest members.

Under the auspices of the association an inspection tour to Indianapolis for the junior and senior Pharmics **was** planned. This trip included **a** visit to the Eli Lilly Mfg. Co.'s pharmaceutical and biological manufacturing house and the biological farms. These trips give the student a keener insight and fuller vision of the great field of pharmacy and its possibilities and responsibilities.

Pharmaceutical Association

Pharmacy Week at the University was observed through the Open House Plan. Here the public became acquainted with true pharmacy and what it means to the public. This week was of an instructive and entertaining nature for both the pharmics and the interested public.

The faculty and student officers of this year hope that all members will remember that the profession is worthy of all they can give and that they discharge their obligations with honor to their Alma Mater, to the profession and to themselves.

Educational Association

Membership in the Educational Association is open to all students in the College of Education and to those students in the College of Liberal Arts who are anticipating entry into the teaching profession. The association was established in order that **a** professional spirit might be developed and cultivated among the prospective teachers.

Since, at the present time, educators have come to the realization that correct teaching is accomplished through an understanding of the scientific viewpoint, this organization has a unique place to fill.

Each Monday evening throughout the past school year many interesting meetings were held. At these meetings several noted professional educational men have been present to deliver messages of interest. **Also** quite frequently there were students who presented real worthwhile topics.

Educational Association

It is interesting to note that from these meetings there has been evolved an understanding of the aims and functions of education. The teacher should have three principal aims: first, to understand his pupils; second, to know his subject matter ; and third, to develop effective methods.

Since the responsibility for the future citizenship of the nation is in the hands of the teachers, it can easily be seen that the instructor occupies a very important position. The association has brought to its members a fuller realization of the magnitude and far-reaching possibilities of the profession.

Spanish Club

The main object of the Spanish Club is to familiarize the student with the language and customs of Spain and to develop a finer appreciation of Spanish Literature.

At the meetings, instructive and entertaining programs are carried out in Spanish and much interest has been manifested. Much credit is due to Miss Helen Willis, our instructor.

Commercial Club

The Ohio Northern University Commercial Club was reorganized in October, 1924 and since that time has played a vital part in the education of the Commercial students at Northern.

It is an organization whose motives are the creating of interest in business problems and practices among the students.

The meetings that are held at regular intervals are of an educational as well as a social nature. At that time Professors and prominent business men address the group on subjects of interest to those anticipating on entering the business world and all others who are interested in general business. This serves to create and keep alive the interest on the part of the students.

Northern Players

The Dramatic Club of Ohio Northern University represents one of the outstanding organizations on the campus. Because of its interesting and beneficial results many talented and interested students seek its membership.

The club holds its meetings each Thursday evening in Franklin Hall. At these meetings the business of the club is discussed, followed by varied programs consisting of readings, music, and one act plays. Quite frequently the club is favored by helpful and inspiring talks from various outside sources.

To Major Deming, this organization owes its success and growth. Under his competent direction many successful plays have been given.

Her Husband's Wife

One of the most interesting events of the fall quarter was the presentation of the comedy, "Her Husband's Wife," by the Northern Players. The cast was composed of six members: Ben Ledsky as Stewart Randolph, the very devoted young husband; Aldisa Freeman as Irene Randolph, his wife, who, convinced that she will not live long, has chosen a wife for her husband; Calvin Jackson as Richard Belcon, Irene's younger brother, who is very much in love with Emily Ladew, charmingly portrayed by Marie Fialla; Kyle Cummins, as John Beldon, Irene's uncle, who delighted the audience by his explosive and witty remarks; and Marjorie Hoover, who acted commendably in the character of Nora, the maid.

The success of the play was due largely to the expert coaching of Major Deming.

"Tooth **and Claw"**

Suggestive of rigid enforcement and castigation comes "TOOTH and CLAW" to Northern's campus. Organized by students with the co-operation of the Dean of men, this group had as its function the enforcement of all Freshmen rules, as well as the task of meting out justice to the offenders.

Composed of ten fraternity men and ten non-fraternity men, the personnel was decidedly representative of the student-body. Meeting in fraternity houses at a designated time or as the occasion demanded, "TOOTH and CLAW" governed unruly "frosh" in an admirable manner.

"TOOTH and CLAW' filled a gaping hole in the social life at Northern, and introduced to our campus the rudiments of class distinction. Securing the hearty approval of faculty and student-bcdy it is quite evident that "TOOTH and CLAW" has entrenched itself securely in the traditions of Northern.

The Ohio Northern Radio Club was re-organized last fall and has enjoyed a very successful year. The club is now affiliated with the American Radio Relay League, a national organization for the advancement of the radio art.

Amateur radio station 8-PP is owned and operated by the club and many messages are sent and received daily.

Y. M. C. **A. Cabinet**

Under the leadership of J. Austin Potter, who has been General Secretary for two years, the Y. M. C. A. has continued to make progress. The Cabinet has had as its motto, "Build with the fore-thought of the ages."

The first major function was the "All University Mixer" held during the first week of the fall quarter. Due to the efforts of committees representing both the Y. M. C. A. and the Y. W. C. A., the affair was a great success.

The devotional meetings have proved to be of greater interest this year, there being a more consistent attendance. Under the direction of the social chairman, several of the regular meetings were given over to real friendly social gatherings. Above all, the Y. M. C. **A.** has sought to be friendly to all, particularly to the new-comers and in carrying out this policy, the General Secretary planned a fine mixer for all Hi-Y men of the University, which proved to be a great success.

During the Christmas holidays Mr. Potter with two of the Cabinet went to Milwaukee to attend the great National Student Conference of the Y. M. C. A. It was a wonderful experience and the motto that was printed on the last program received there — "Milwaukee past, yet forever ours"—will most certainly be evidenced in the steady progress that will continue.

Goodell, Chiles, Wilson, Mrs. Whitted, Engle, Artz

Y. W. C. A. Cabinet

Throughout the year the program of the Y. W. C. A. has been one of true helpfulness to every member of the organization. The girls have been made to feel that they, as a Christian Association, are a link in the great international chain formed by the young women of this world-wide movement. The beautiful spirit of the leaders of the Lake Geneva Conference has been a vital source of inspiration for their own devotional services. For the first time in several years they were privileged to haw the National Secretary, Miss Maude Gwinn, to visit Northern's campus.

The exceptional attendance and unusual interest of all of the girls has been very marked. Something to which the girls have actually looked forward, has been the weekly uplift of the spiritual and beautiful programs.

The faithful cabinet, with its president, Ruth Chiles, has learned that true happiness comes not alone from receiving, but from giving. Much credit is due their faculty advisors, Mrs. Mary Whitted and Miss Carrie Wilson. Not only have they been untiring in their service, but they have also often been present at the cabinet meetings, held each Monday evening.

"To live unreservedly Jesus' law of love in every relationship of life, and so to know God," has been the spirit of the Association.

Marion County Club

After a dormant period of a year, the Marion County Club was reorganized last fall. Since that time many interesting and enjoyable social functions have been given for the members.

The club has proved itself to be a real aid to the university in locating former students in the county.

On March fourth the club presented the program at a banquet, which was held in Marion, for the alumni, students, and others interested in Ohio Northern.

Garn, Bitters, Huff, Geist, Hughes
Mitchell, Cramer, Fulford, VanBuren, Limbert, Ferris

Homiletic Club

The Homiletic Club was organized for the purpose of promotoing common interests of the cause of Christ, to secure the priveleges of fellowship with one another, to promote a Christian atmosphere in the university, to increase the spiritual life, and to give encouragement to those students who have dedicated their lives to the uplift of humanity.

The club is mainly composed of students intending to enter the ministry, although it is not limited to these alone.

Meetings were held each Monday evening at which time the members gathered together for an hour of fellowship and prayer.

Gospel teams have gone out from time to time throughout the year and ministered to many communities.

Physical Educational Association

Ohio Northern's Physical Educational Association was organized in 1926 with a membership of fourteen. It has for its purpose the binding together of the Physical Education students.

This association helps in the advancement of the study of Physical Educational problems for those specializing in this field. It has a present membership of forty-one. Regular meetings are held each month, at which time special programs are given, which prove to be very interesting as well as inspirational.

Dixon, Parlette, Welling, Harris, Brunette, Hamilton, Emery, Bondley, Webb, Wyatt

Art League

The Art League of Ohio Northern is a new venture upon this campus. Founded with the intention of increasing interest in all fine arts among the students and within the community, it is the hope of its members that the organizaion will presently become self-supporting.

In order that this aim may be attained, work is combined with play, and thus a delightful and promising field of activity is opened to the students.

From a nucleus of the Fine Arts Department of the university the League was organized in the' latter part of the winter term.

Mrs. Alice Ensign Webb, Director of the Department, was chosen as supervisor, and her studio at **316** South Johnson Street was selected as the regular club room.

Pre-Medical Association

The pre-medical association is composed not only of pre-medical students, but also students anticipating dentistry and those who are majoring in biological sciences.

During the past school year many interesting meetings were held. It was always aimed to have the programs hinge around some noted speaker. Among the speakers who imparted a fine store of ideas to the "medics" were noted physicians, dentists, and professors.

The association tended not only to foster a professional insight, but also to develop a social atmosphere as well.

ARTHUR G. SHARP ..... *President*
PROFESSOR W. E. BINKLEY ..... *Coach*

The varsity debating teams, coached by Prof. Binkley, did very commendable work throughout the season. Although the majority of the men were participating in inter-collegiate debate for the first time, they proved able representatives of Northern.

AFFIRMATIVE SCH'EDULE

January 20	Capitol University at Piqua	Lost—5 to 0
March 9	Otterbein College at Ada	Lost—3 to 0
March 11	Mt. Union College at Alliance	Lost—3 to 0

The Girls' Debate Club was organized in the Fall of 1925 to promote an interest in argumentation among Northern's co-eds.

During the past year the meetings were devoted to an extensive study of argumentation, and intra-club debates were staged, as well as those before various local clubs and campus organizations.

Due to lack of time, a debate with Wittenberg College on the question: Resolved that Congress Should Have Power to Enact Uniform Marriage and Divorce Laws, was not scheduled, but it is hoped that the club will be able to schedule several intercollegiate debates for next year.

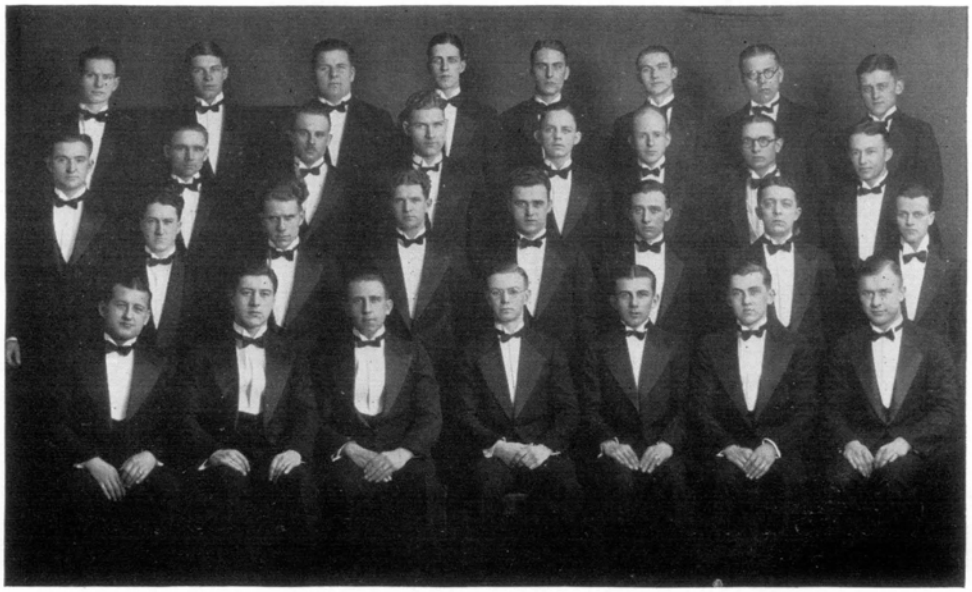

Ohio Inter-Collegiate Oratorical Association

Ohio Northern University has always maintained its peerless position in oratory in the Ohio Branch of the National Inter-Collegiate Oratorical Association.

Last year she produced another winner, Guerin Buonpane, of Youngstown, Ohio. Buonpane was chosen to represent Northern in the state contests, after having defeated all the local contestants.

As O. N. U. Orator he participated, first, in the West-State Inter-Collegiate contest which, through the invitation of Major **A.** Cliffe Deming, was held at Northern for the year 1926. Here he competed against Wittenberg, Otterbein, Heidelberg, Bluffton, Dayton, and won. This gave him the right to participate in the All-Ohio State Inter-Collegiate Contest which, later in the year, was held at Western Reserve University, where he, in addition, competed against Western Reserve, Marietta, and Ohio Weslyan University. He received praise as being one of the "State's Winning Orators of 1926."

Mr. Buonpane is well known here as a dramatic orator. He was twice elected to give the Washington Birthday Oration and in both instances proved his ability to grip and sway his audience. He won all the prizes in oratory and debate that the University had to offer, and has never known defeat. Buonpane was a member of the Invincible Negative Inter-Collegiate Debating Team of 1926 which came out victorious in all the Ohio Conference Debates. Doubtlessly he is one of the best orators Northern has ever produced, and for a man of his ability to have represented Northern has tended to raise the standard of the college in the field of Oratory.

A most successful season was enjoyed by the Men's Glee Club under the skillful direction of Mark Evans.

Concerts were given at Dunkirk, Alger, Lima, St. Marys, Dayton, Girard, Canton, Youngstown, Cleveland and Lakewood.

Competing in the State Glee Club Contest for the first time, Northern made a most commendable showing, finishing well up among the leaders.

The passing year was probably the most successful in the history of the Girls Glee Club. It was marked by the adoption of official pins and uniform costumes.

Concerts were given at Leipsic, Roundhead, Lima, Convoy, Veneducia, Van Wert, and Delphos, with home concerts in February and May.

The outlook for next season is very bright as but few members will be lost by graduation and plans are being made to enter the State Girls Glee Club contest.

Washington Birthday Orators

One of the traditions of Northern that seems to have outlived all the rest is that of commemorating Washington's birthday in the form of a patriotic program in chapel. On Tuesday morning, February 22, four student orators, representing each literary society and the Law Association, eloquently eulogized four of America's greatest men.

Donald Brumley, of the Adelphian Society took for his subject "From Log-Cabin to White House," James A. Garfield. Mr. Brumley spoke in an eloquent way of Garfield's love of his country and his service to it as a statesman, general, and scholar. He told of his ardent patriotism, of his untimely death at the hands of an assassion, and closed with an eloquent tribute to his greatness.

Jack Turner, representative of the Franklin Societv, spoke on the manv virtues and achievements of the statesman and discoverer, Benjamin Franklin. In a very interesting manner he told of the manv difficulties and disappointments overcome in Franklin's life. Mr. Turner closed by saying that if each one were to live as Franklin, he would surely mount the ladder of success.

Guerin Buonpane, of the Philomathean Societv, set very vividly before his audience the mighty qualities of America's fighting president, Theodore Roosevelt. Mr. Buonpane said, "All he did was for the love of America, and he was the most astounding and dvnamic soul that ever stepped into the White House." In closing he said, "Death had to take him sleeping for if he had been awake there would have been a fight."

Stewart Moreland, from the Law Association, took for his subject "The Little Lion," Alexander Hamilton. Mr. Moreland told of his invaluable service to Washington and consequently to his country in a dire need. In an enthusiastic manner he told of Hamilton's ability as a soldier, statesman, and financier. In closing he paid tribute to the "Little Lion" as a savior of his country, for Hamilton had helped build up a great nation of stability and permanence.

Press Club

Students who unite their time and talent in the publication of the Northern Review — the official College Newspaper — possess strengthened bonds of friendship through the organization of the Press Club. This Club is composed of approximatelv fifty members of the Review Staff. Its membership represents every college and department of the University for it is open to all who are interested in journalistic endeavor.

Meetings are held once a week to make assignments for the Review. Addresses are also given from time to time to aid the writers in making a bigger and better College Newspaper.' Valuable training in news-writing and copy-reading is received by those who attend the meetings of the Club.

FEATURES

NORTHERN LIFE

Calendar 1926-27

SEPTEMBER

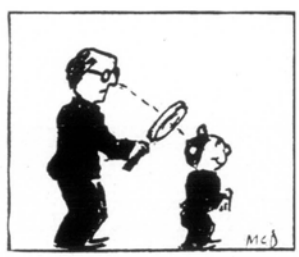

6th Registration. Freshmen everywhere. Upper-classman sends Frosh lawyer to High School to register.

7th More registration. The first show of the term, "Romola." Some of us missed it by going buggy riding.

8th Convocation and classes. Prexy starts us off right in chapel.

9th University mixer in Brown gym. There are some lovely freshmen girls, aren't there?

10-13th The first week-end in Ada. A bit tame for some of us—but not for others!

14th

Prof. Gray Springs official "nut test" on wise-heads.

15th

First edition of *The Northern Review* out. Four new professor's pictures grace the front page. Coach Meredith is found on page three.

17th Friday — t'was a glorious day. Saw some co-eds taking pictures.

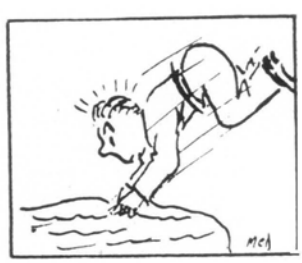

18th University Women's Club Tea at Dr. Smith's.

19th Sunday. Everyone goes to church.

21st Band Smoker at Delta Sigma Phi House.

22nd "The Impressionistic View Talk" in *The Northern Review* thrills us—all about how Northern looks at dawn, during the day, and in the evening. We wonder if Romeo wrote it.

23rd Group picture of all the students taken on campus. Some erring freshmen sought to evade the publicity, but were forced to submit.

24th

Certain freshmen ducked in Newton's Pond as a climax to some of their cute and wise sayings. One ((Red" distinguished himself in dashes and water swallowings.

27th

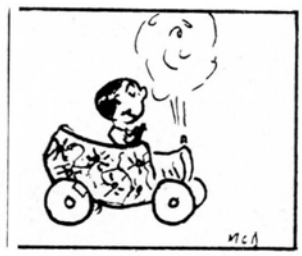

Endowment Drive announced.

30th Chapel choir has its first rehearsal. Class heads chosen for ensuing year — "Bud" Anspach made president of Senior Class. He is also football captain. Some people have greatness thrust upon them.

October

1st Final day of grace for the Freshmen. We get all "pepped up" in chapel for the football season.

2nd Game with Dennison. We didn't come out quite so good, but it was our first trial.

4th

Numerous Kollegiate Kars glide about on our streets—there seems to be dozens of them. We prefer the cretonne one—its color scheme is so elucidating!

5th

The ((gals" are wearing their new bonnets—we mean the freshmen, of course. The rest of us go bare-headed.

7th The girls' Hockey Team organized. Every Tuesday and Thursday from four 'til five the co-eds do their stuff out on the Athletic Field. Now we know why the men were there.

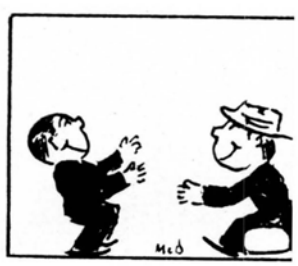

8th Promise of a $100,000 Music Building—"The Theodore Presser Building" was secured from Dr. James Francis Cooke, president of the Presser Foundation. Looks like the school might be a real place after we have graduated several years.

9th Game with Miami. The Fates are against us. Score of 34-12 in favor of Miami. Dr. Freeman speaks at Alumni meeting at Cleveland.

11th Band practices for Homecoming.

12th Lecture Course opens with Madam Gray-Lehvinne, violinist, at Lehr.

14-15th Mid-term Exams. Frats decorate Houses in preparation for the "Big Event." Geordis Zeigler presents "Dulcey" at Conway.

16th

Homecoming. Game with Muskingum. The score is against us—Oh, 'tis a cruel world! Muskingum is victorious in cross country run. The freshmen were victorious over the Sophomores in the Sack Rush and Relay Race. In the evening the Frats put on stunts.

19th

Pre-Medics plan annual frolic in Ream's Grove.

20th Press Club Party at Delta Sigma Phi House. A glorious time was had by all. Holt-Overmeyer wedding in Indianapolis.

22nd Alumni of Allen County hold banquet in Lima and launch Endowment Drive there.

23rd Wesleyan Game. Wesleyan is still grid champion over Northern. However, t'was a hectic battle—for we don't let Wesleyan pull anything over on us without a fight first. Wesleyan also wins in cross country meet. Silent Tribute to Walter Camp in offering taken to erect a memorial at Yale.

26th Dr. Smith is back from the sunny south. He gave an interesting talk in chapel on how we should conduct ourselves.

27th Edgar C. Raine, a pioneer and explorer of Alaska, presents the second number of the Artist Lecture Series at Lehr, with his illustrated lecture—Alaska.

28th

Music morning in chapel. How the choir and audience can sing "Crown Him"! They can't make any more noise than that anywhere this side of Heaven.

30th

Game with Heidleberg. Northern wins season's first victory — 24-0. Ain't it a grand and glorious feelin'?

NOVEMBER

1st Faculty Literary Program. Our faculty shines when we give them a chance.

2nd Senator Willis and Senator Hopley visit Ada.

3rd Prof. Freeman delivers an excellent talk on Democracy and Civil Rights. Prexy issues auto permits — "Life is real, life is earnest."

4th "The Show Off" — the third number on the Artist Series at Lehr. For a week everyone was practicing Aubrey Piper's laugh — How, *haw*, haw haw, haw! Sic transit gloria mundi!

5th Band plays at Lancaster.

6th Ohio University game at Athens. Unlucky again — but their victory is not so great. They had to fight for what they got.

8th Alumni dinner in Chicago at the LaSalle. Dr. Smull represented Northern. Men's Glee Club elected to Ohio Association of Glee Clubs.

10th Fall Term Band Concert. "Mike" makes us prouder of the band all the time. "Hi-Ho, the Merio, as long as she loves me"!

11th Armistice Day. The Engineers and Pharmics begin to celebrate at 7:30 P. M. in front of Hill. They start out attired in their "evening suits," but return retired or very tired, or whatever you would call it.

12th

Engineer-Pharmic Day. Formal Hatchet Burial Service in chapel. "Rev." Lief Brown officiates. All that they lacked was the organ playing "Lohengrin's Wedding March" or something just as solemn. Beta Chi Alpha initiation at Prof. Petit's.

13th Game with Dayton. Dayton victorious. Hockey season draws to a close.

15th "Her Husband's Wife" by the Dramatic Club. We know now just what inflection to put on the expression, "Oh, Uncle John"!

22-23rd Final Exams. Deserted town. Yes, the Fall term is over.

DECEMBER

14th It is too cold to stand outside today, so we all go into chapel on time for a change. Dr. Bailey **asks** that he be allowed to have a little time in which to tell and explain the lesson of the day. You know Dr. Bailey. After much consideration and deliberation upon the part of the student body we allow him to have the little time asked for. Prof. Binkley makes an announcement not bearing upon the art of debating.

15th

This is the morning for announcements but even these were few and far between. Dr. Smull presents the Sig Eps with the cup for the best decorated house. We give the Sig Eps the hand and agree that they are deserving of it. Chapel closes with a meeting of the dignified Seniors.

16th Music morning. An University of Mich. graduate speaks to us on temperance. The case which he related concerning the near conviction of a man for murder, but the prosecution could not prove that the deceased ever lived, was greatlv enjoyed. We give the speaker credit anyway. A group from the school of education sings for us.

17th Here it is the last dav of school before Xmas vacation and so of course Prexy wishes us a Merry Xmas in chapel. In classes everv one is well prepared—for their journev home. One grand rush is made for two-six train.

JANUARY

2nd Toot— Toot— Toot! Ding-dong— ding-dong! Time 2:18. There is one grand scramble. There are fraternity grips, embraces and every thing else that goes with them. Once more the students have returned and the town again has life. Yes, we all had a pleasant vacation.

3rd No chapel of course and little intelligence shown in the class room. We do our best however to get to class by plowing thru the slush and snow. The least that we can do is to congratulate the lawyers who passed this last December bar exam. They made a fine showing.

4th

Chapel. Where's Prexy? Two bits he's in Florida. The students have bv this time gotten down their books and dusted them off—but from the looks of things they have put them back on the shelf again.

5th Weather:—cold and wet. We paddle our way to chapel regardless and hear Dr. Bailey speak, this being the morning for announcements.

6th And again we have music morning in chapel. There is nothing like hearing our own sweet voices so the student body joins in singing and thinks it really sounds good. Well maybe it did. The ANNUAL BOARD starts to function.

7th Not much doing for Friday. Everybody tired frcm a week of strenuous work.

8th Intramural basketball proves to be a big drawing card, this fact being proven by the crowd that packed the gym today. Delta Thets make things hot by having a fire. Northern vs Wooster, basketball.

9th Everybody slept today from the looks of things.

10th Prof. Weber falls on the ice in front of Doling's bakery and breaks his promise. Northern Players Club throw their regular term scramble in Franklin Hall.

11th Rig show at Lehr tonight. We decide to start studying next Monday.

12th Loyal Seniors back the ANNUAL without a whimper. Shorty Beletsky delights in reading newspaper in class, but the Judge does not think so much of it. This was a pure and simple case of ejectment.

13th Nothing doing.

14th I think that it is at least ten below zero today. My mistake, Prexy is not in Florida at all, I hear that he is spending the winter in California instead. We'll hear all about it when he returns. We know that he'll bring home the bacon.

15th

Theta Kappa Phis arise early today but only because the house was on fire. I guess the smoke kept them from sleeping. Tough luck boys. I wonder what fraternity is next? Or mavbe it will be one of the sororities.

16th

I don't know what happened today because I slept most of the time.

17th Everyone is in good spirits' today. Intramural games tonight.

18th The Senior Lawyers sure did enjoy Prof. Weber's demonstration of married life. It was worth a quarter.

19th Do we cram for the mid-terms? Not a bit of it even tho they are scheduled to take place tomorrow.

20th Prof. Pettit gives a speech in chapel on behalf of the ANNUAL BOARD. It was a good one, too, and as a result the campaign was a success.

21st Most of our exams are over with and now everyone is leaving town for the week-end.

22nd Intramurals today. Northern battles Dayton and beats them in the best game of the year.

23rd I can assure you that we all went to church today.

24th This is the night for fraternity meetings.

35th This is date night and "The Bat" is in town.

26th Prexy has returned from California and tells us all about it.

27th Mike's Minstrels tonight. Raw! Raw! Raw!

28th

The ONE big social event of the year, the Co-ed Party. Everyone was there, no doubt about that.

29th

One wonderful day. Now we know that spring is close at hand.

30th

And still, the sun shines. Ah, it's too nice to study today.

31st

Nothin' doing.

FEBRUARY

1st "Bigger Than Barnum's" tonight. Everybody out with their dates.

2nd Delta Thets throw a smoker for their various friends.

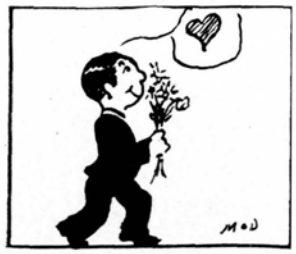

3rd And again the Discipline Committee meets.

4th Judge Clark of Canton, Ohio speaks to the lawyers.

5th Northern beats Muskingum.

6th Class vesper services today. They proved to be successful.

7th Dr. Turley talks to the lawyers in the evening.
8th Beta Chi Alpha Banquet.
9th City Manager Brower of Lima, Ohio speaks to the Law Association.
10th Dr. Turley still going strong.
11th Miss Thomas gives Kolter Ziegler the once over in the library.
12th Too nice a day to stay in town so Ada moves to Lima for the afternoon and evening.

13th

George Pluchel passes out the cigars. He's married.

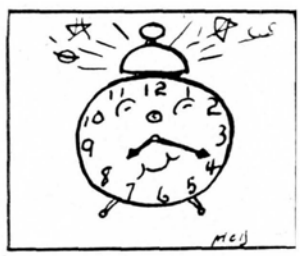

14th

Valentine's Day. Say it with flowers.

15th

It's remarkable how many of the co-eds happened to see the moon tonight.

16th The seniors see their last basketball game while here at Northern. Northern, 59—Ashland, 30. We'll all remember Vic Cohen.
17th Girls Glee Club concert tonight.
18th Prexy declares this a legal holiday. No school.

THE ORIGIN OF THE CHARLESTON

The art of letter writing went out with the advent of the typewriter.

The art of conversation went out with the advent of the telephone.

The art of reading went out with the advent of the motion picture.

There remained the art of listening.

Then came the radio. After that people gave up wen trying to hear themselves think.

Hence the Charleston.

SOME LADY

She doesn't like a shady joke,
She doesn't hike, she doesn't smoke;
She doesn't swear, she doesn't flirt,
She doesn't wear those shortened skirts;
She doesn't dance, she doesn't sing,
And goofs in pants don't mean a thing;
She doesn't use those beauty salves,
But don't refuse to show her calves,
You **ask** her name? Well, that's a wow,
She's not a dame, she's just a cow.

Stumpf was changing a tire on the old Collegiate with the assistance of Red Lowe. An interested bystander offered to treat the one who came the nearer guessing the correct weight of the tire.

Stumpf guessed twenty-five pounds.

Whereupon Red hilariously drolled his reply, "That shows how ignorant he is. I just put forty-five pounds of air in that tire."

"CLOTHIERS TO NORTHERN MEN"

Sing a song of six men,
Their pockets full of rye.
They all sang so gaily
As the cop came walking by,
The judge was in the court-house
Talking quite unfunny.
Their dads were in their offices
Doling out the money.
Their girls were in roadsters
Parked along the street.
The way that they escaped the law
Was surely quite a feat.

"I want to congratulate you upon having 'that something' that makes you a real factor in the educational world. I do not know how to define 'that something,' but I do know there exists here an atmosphere of good fellowship and honest endeavor that is hard to supplement anywhere in this mad, selfish age."

Once upon a midnight dreary, while I pounded weak and weary
Over many quaint and curious parts of a newly boughten Ford.
While I nodded, nearly napping, suddenly there came a rattling
Aş of some part gently cracking underneath the old Ford floor.
" Tis some rattling," I muttered, ('underneaththe old Ford floor—
Only this and nothing more."

But the Ford is truly quitting, still is sitting, still is sitting
On the great white road to Lima just above the Maysville store;
And its lamps having all the seeming of a demon that is dreaming
And the moon-light o'er it streaming throws its shadow on the moor
And the soul from out that shadow that lies gloating on the moor
Has been lifted—'evermore.

Prof. Smith was observed by one of the gentleman clerks in a well known Lima store. His excited actions had attracted the attention of the clerks, finally- the observing one walked up to him and asked him if he was looking for something in men's clothing.

((No,"he roared, ('not men's clothing, women's. I can't find my wife."
